FATHER & SONS CURED OF ITCHING RASH

I had an itching rash under my chin, which kept spreading until it was all over my body. I could not sleep but was compelled to lie awake and scratch all the time. My father and two brothers were afflicted with the same thing, at the same time. We all suffered terribly for a year and a half, trying in the meantime all the remedies we could find, but received no benefit. I bought three cakes of CUTICURA SOAP and three boxes of CUTICURA (ointment) and they *cured the four of us completely.* RICH'D ANDERSON, Geneva, Utah.

MAKES HIS REPORT.

General Merritt's Story of His Campaign.

An Account of the Fighting at Manila.

Pays Lofty Tribute to American Soldiers.

Held No Official Intercourse With Aguinaldo--Insurgents Prove to be an Embarrassment.

WASHINGTON, Sept. 30.—The report of Major General Wesley Merritt of the operations about Manila was made public at the war department today. It is dated on board the transport China, August 31. After giving briefly the story of his embarkation and arrival at Manila and the disposition of the troops there, he says:

"I found General Greene's command encamped on a strip of sandy land running parallel to the shore of the bay and not far distant from the beach, but owing to the great difficulties of landing supplies, the greater portion of the force had shelter tents only and were suffering many discomforts, the camp being situated in a low, flat place, without shelter from the heat of the tropical sun or adequate protection during the terrific downpours of rain so frequent at this season.

THE AMERICAN SOLDIERS.

"I was at once struck by the exemplary spirit of patient, even cheerful endurance shown by the officers and men under such circumstances and this feeling of admiration for the manner in which the American soldier, volunteer and regular alike, accept the necessary hardships of the work they have undertaken to do, has grown and increased with every phase of the difficult and trying campaign which the troops of the Philippine expedition have brought to such a brilliant and successful conclusion.

"The Fillipinos, or insurgent forces at war with Spain, had prior to the arrival of the American land forces, been keeping a desultory warfare with the Spaniards for several months, and were at the time of my arrival in large force, variously estimated and never accurately ascertained, but probably not far from 12,000 men. These troops, well supplied with small arms, with plenty of ammunition and several field guns, had obtained positions of investment opposite the Spanish line of detached works throughout their entire extent."

ABOUT AGUINALDO.

General Merritt then speaks of Aguinaldo's accomplishments previous to his arrival and continues:

"As General Aguinaldo did not visit me on my arrival nor offer his services as a subordinate military leader, and as my instructions from the president fully contemplated the occupation of the islands by the American land forces and stated that the powers of the military occupant are absolute and supreme and operate upon the political condition of the inhabitants, I did not consider it wise to hold any direct communication with the insurgent leader until I should be in possession of the city of Manila, especially as I would not until then be in a position to issue a proclamation or enforce my authority in the event that his pretensions should clash with my designs.

"For these reasons the preparations for the attack on the city were pressed and military operations conducted without reference to the situation of the insurgent forces.

WISDOM OF THE COURSE.

"The wisdom of this course was subsequently fully established by the fact that when the troops of my command carried the Spanish intrenchments, extending from the sea to the Passay road on the extreme Spanish right, we were under no obligations by prearranged plans of mutual attack, to turn to the right and clear the front still held against the insurgents, but were able to move forward at once and occupy the city and suburbs.

"To return to the situation of General Greene's brigade as I found it on my arrival, it will be seen that the difficulty in gaining an avenue of approach to the Spanish line lay in the fact of my disinclination to ask General Aguinaldo to withdraw from the beach and the 'Calle Real' so that Greene could move forward. This was overcome by instructions to General Greene to arrange, if possible, with the insurgent brigade commander in his immediate vicinity to move to the right and allow the American forces unobstructed control of the roads in their immediate front. No objection was made, and accordingly General Greene's brigade threw forward a heavy outpost line on the 'Calle Real' and the beach and constructed a trench, in which a portion of the guns of the Utah batteries was placed.

A SHARP ATTACK.

The Spanish, observing this activity on our part, made a very sharp attack with infantry and artillery on the night of July 31. The behavior of our troops during the night attack was all that could be desired, and I have, in cablegrams to the war department, taken occasion to commend by name those who deserve special mention for good conduct in the affair. Our position was extended and strengthened after this and resisted successfully repeated night attacks, our forces suffering, however, considerable loss in wounded and killed, while the losses to the enemy, owing to the darkness, could not be ascertained.

CHURCH AFFAIRS.

Catholic Archbishops to Meet in Washington.

Meeting Will Not Deal With Affairs in Cuba, Porto Rico or the Philippines.

WASHINGTON, Sept. 30.—The condition of the Catholic church throughout the country will be considered at the annual meeting of the archbishops of the United States, which will be held at the Catholic university beginning October 11. A full attendance of the leading figures of the church is expected, including Archbishop Keane, who has come from Rome to attend the annual gathering. The directors of the University will hold their annual meeting at the same time.

It is understood that the archbishops will deal with little outside of the routine affairs of the church, as there are no large questions pending. It is said that the meeting will not deal with the questions of Catholic authority in Cuba, Porto Rico and the Philippines.

So far as Cuba and Porto Rico are concerned they are under an established Catholic archbishopric, which will not be disturbed in any way. The church authority is centered at Santiago, that being the old capital of the island, and the archbishop has two suffragans, one at Havana and another in Porto Rico. The bishops at the two latter points, as well as the archbishop of Santiago, will remain in control of Catholic affairs. The purpose is to avoid upheavals such as would result from a change in the governing powers of the church in these quarters, so that no changes will be made until they come about naturally by death or retirement.

The Catholic authorities are expecting early word from Rome as to the new archbishop of Santa Fe, who takes the place of Archbishop Chappellee, now at New Orleans. The nominations for the Santa Fe archbishopric have been sent to Rome, although the name selected may be outside of these on the nominating list. The recent death of the bishop of Harrisburg leaves a vacancy in that post which, however, will not be filled for some time.

A NIGHT OF TERROR.

People of Pana Expected Attack by Negroes.

Families Combined to Resist an Assault.

Armed Men Patrolled Streets or Lay in Ambush.

An Armed Force Has Been Sent to Pana, But Will Not Assist to Operate the Mines.

PANA, Ill., Sept. 30.—Last night was a terrorizing one for the people of Pana. Two-thirds of the residences were unoccupied. Each of the houses occupied contained a group of families. In some cases all the residents of an entire block spent the dark hours in one home armed, terrorized and awaiting attacks expected to be made on their homes by the negroes imported from Alabama.

AWAITED ATTACK.

All night the striking union miners, reinforced by brother miners from other towns, armed with shotguns and rifles, paraded the streets and in some cases lay in ambush on housetops and in other hiding places awaiting the coming of the blacks from the Springside and Penwell stockades, who had announced an intention to march into the city and drive out the whites.

But the deputy sheriffs were successful in keeping the negroes under control and within the stockades. Many shots were fired in the vicinity of the mines throughout the night, but with what result could not be ascertained. Today, in response to Sheriff Coburn's urgent appeal, battery B, of Galesburg, and two companies of Hamilton's Sons of Veterans, were on the way to Pana.

MUST NOT AID OPERATORS.

They are by the governor's instructions to protect lives of citizens and their property, but under no consideration to assist the mine owners in operating the mines with inported labor. Many visiting miners heavily armed arrived here today and later with 200 local miners left the city for Shelby county three miles east to intercept a Baltimore and Ohio train, said to be conveying sixty negro miners to Pana to take union men's places. The purpose is to stop the train, unload the negroes and at the point of guns march them east.

Sheriff Coburn will dispatch a posse to the county line to prevent a hold-up of the train within Christian county. The miners are anxious to compel the negroes to turn back before soldiers arrive.

GENERAL DISARMAMENT.

On the arrival of the soldiers at Pana it is intended to have all citizens, white or black, disarmed by the militia.

Sheriff Coburg, in wiring for troops last evening, reported one black killed in Wednesday's riot and several wounded. Mayor Penwell, son of Operator Penwell, spent last night inside the stockades. He was afraid of being mobbed by the miners, and that for fear of mobs his father and mother have left the city.

JEHU BAKER BLIND.

Southern Illinois Statesman Loses His Sight.

BELLEVILLE, Ill., Sept. 30.—Congressman Jehu Baker is blind. After an active career covering half a century, he must travel the remnant of his road with sightless eyes.

At his age—he is seventy-six—the doctors say there is no hope of a restoration of sight. This calamity has not fallen suddenly. The congressman has been failing for sometime. In fact, he has never quite recovered from his serious illness of four years ago. Congressman Baker has been for years a conspicuous figure in politics in southern Illinois. He is the only man who ever defeated Col. William R. Morrison, so long congressman from this, the old Eighteenth district, and more recently chairman of the interstate commerce commission.

Mr. Baker whipped Colonel Morrison three times. At the last election in which Morrison was defeated the tariff was the great issue and Colonel Morrison was such a conspicuous low tariff man that he was known from one end of the United States to the other as "Horizontal Bill." Mr. Baker was prevailed upon by the republicans to take another nomination against his old opponent. The campaign which followed is historic in this part of the world.

Its like was never seen before or since. When the ballots were counted Mr. Baker was elected and Colonel Morrison never again became a candidate for an elective office.

MEETING ADJOURNS.

Federation of Labor Demands Many Industrial Reforms.

TERRE HAUTE, Ind., Sept. 30.—The Indiana Federation of Labor adjourned yesterday afternoon to meet in Elwood next year. Among the resolutions adopted were the following:

Extending sympathy to the Pana miners; for a law requiring barbers to receive state licenses; endorsing the fight of the Chicago Typographical union against the W. C. Conkey Printing company, at Hammond, Ind.; in favor of 6 per cent. as the legal interest; boycotting persons who permit advertisements of a certain brand of tobacco to be placed on their property; boycotting department stores; for a committee of five to confer with prison authorities as to amendments of the new anti-convict labor law; for state inspections of all boilers not inspected by insurance companies; for an amendment of city charters granting the privilege of doing all public work by the city direct without letting contracts.

SENT TO THE PEN.

Morris Felix, the Alleged Pickpocket, Found Guilty.

William Waltemath Sues John Bowman for $5,000 for Alienating His Wife's Affections.

Before Judge O'Rourke and a jury, Morris Felix was tried for picking the pocket of a traveling man named Gardner during the races. Felix pleaded not guilty and was defended by John H. Aiken He claimed to have found the money, but the jury was only out half an hour when they found him guilty. Judge O'Rourke sentenced Felix to serve an indefinite term of from two to fourteen years in the reformatory at Jeffersonville.

WANTS $5,000 DAMAGES.

Huntington Herald: "William Waltemath, of Fort Wayne, has brought suit against John W. Bowman, the blacksmith of this city, for $5,000 damages for the seduction of his wife and the alienation of her affections. The suit was filed in the circuit court Thursday morning by A. D. Wasmuth, attorney for plaintiff.

"Waltemuth alleges in his complaint that in December, 1883, he married one Bethena McKee, daughter of Anna McKee; that from the date of his marriage until June, 1898, he and his wife, Bethena, lived together as husband and wife, making their home in the city of Fort Wayne; that as the fruits their marriage they have three children, the oldest fourteen and the youngest six years old; that on the 8th day of June, 1885, defendant Bowman married his mother-in-law, Anna McKee; that this plaintiff had always lived on most friendly and intimate terms with Mrs. Anna McKee, and that after said last marriage such friendly relations continued to exist, plaintiff and wife making frequent visits to the home of plaintiff's mother-in-law, she in turn as often calling at plaintiff's home to visit her daughter.

"That after their marriage, defendant and wife made their home in the city of Huntington; that defendant, under plea of transacting business in Fort Wayne, often came to visit at the home of plaintiff, and that during such visits, by making presents to plaintiff's wife, gained her confidence, and through this confidence contrived by will and persuasions, to gain the affections of plaintiff's wife, and alienated her affections from her husband; that in the year 1890, defendant, through the advantage of the confidence he had established in the mind of plaintiff's wife, did, by will and persuasion induce her to submit to his embraces, and practiced the same at divers time thereafter.

"That by reason of such seduction of his wife and the alienation of her affections from him, this plaintiff has been wholly deprived of the comfort and society of his wife; his name dishonored, his family broken up, and his home destroyed, to his damage in the sum of $5,000, for which he prays judgment and all relief in the premises."

Mr. and Mrs. Waltemath were divorced in June, this year, and plaintiff claims he did not know of his wife's improper relations until after divorce.

NOTES.

Judge O'Rourke is still hearing evidence in the case of Ellison vs. the Farmers' Mutual Fire Insurance company.

Mary E. Smith sues Louis H. Niemeyer for $100 on note and mortgage.

Lucien E. Romy sues Margaret Ryan et al. for $500 and foreclosure. W. H. Reed is plaintiff's attorney.

Homer C. Underwood has filed his bond as notary public.

THE QUEEN.

Her Picture in Miner's Collection, Corner Wayne and Calhoun.

Among the exhibits that will attract more than passing notice during the carnival is the new case of photographs standing at the corner of Wayne and Calhoun streets. The pictures on exhibition are all the work of the Miner studio, No. 23 West Wayne street. The exhibit shows the various style of pictures and finish by which this studio has gained its wonderful reputation for high grade work. Among the pictures is a likeness of our queen, Miss Velma Ohneck, taken since her election as queen of the carnival.

PROHIBITION CARRIES.

People of Canada Vote for Abolishment of the Liquor Traffic.

TORONTO, Ont., Sept. 30.—The majority for prohibition throughout the entire dominion will not likely exceed 18,000. All the provinces except Quebec voted prohibition, Ontario giving it a majority of about 10,000.

Quebec's majority of 40,000 against is just about offset by the returns from the maritime provinces, while the returns from Manitoba, the territories and British Columbia show that the west is in favor of prohibition by a majority of 7,000 or 8,000.

Even the prohibition papers consider the majority too small to influence the government to attempt to enact prohibition legislation.

B. W. Applegate has sold his residence property at 22 East Butler street to John Richmond, bookkeeper for James Kennedy & Co., foreign lumber dealers. The consideration was $2,500 and the sale was made through John Forbing. Mr. Applegate is agent for S. F. Bowser & Co., and makes his headquarters at Pittsburg.

The "Packard Carnival March" is the name of a stirring piece of music which will be played by the City band and the Alexander Mandolin orchestra during the street fair and carnival. It is written by Rudolph Knauer, of Indianapolis, and is dedicated to the queen of Fort Wayne's carnival, Miss Ohneck.

FURY OF THE FLAMES

Western Slope in Colorado Being Devastated.

Fires Fiercely Sweeping the Mountain Side.

Immense Tracts of Timber Land Laid Waste.

No Hope Can be Held Out for a Change in the Weather--Loss Already Tremendous.

DENVER, Col., Sept. 30.—The weather man can offer no hope for those on the western slope whose homes and crops are threatened by the forest fires.

There are no indications whatever of rain, and this seems to be the only element able to stay the fury of the flames.

Throughout Eagle county, high winds have prevailed, giving a fresh impetus to the forest fires that are devastating the timber domain.

In consequence new territory is being devoured. The blaze is rapidly extending along the grand reserves of Girard mountain, west of Homestead creek, and from present appearances will sweep the country to Bear mountain at Minturn.

COUNTRY IS DEVASTATED.

Back of Minturn to the heads of Willow and Two Elk, the country is devastated, little remaining to feed the flames. From Hoosier mountain the wind has driven the fire to the edge of Gypsum creek. The settlers of Upper Gypsum, Gannon, Collins and others are fighting desperately to save their homes and stop its passage across into the magnificent forests of West Brush. If it gets into Brush, the finest body of timber in the state is gone. No loss of life has been reported, but several people have lost their homes and their crops. All the game is leaving the country and escaping the smoke and heat of the blazing woods.

Dispatches received here say that Wheyley's peak, between North and Middle park, is now a mass of flames and it is greatly feared that they will extend to both of those beautiful camping grounds. The fire has already cut a swath thirty-five miles long, from the Grand river almost to Dillon, in Summit country. The width is as yet unknown.

Kremmling, in Grand county, has had a narrow escape and the danger is not yet entirely over.

The fires in the vicinity of Ouray are not as bad as for several days previous, but the smouldering embers may be fanned into an awful conflagration by the slightest wind.

ASPEN IS THREATENED.

The fires around Aspen are working down the mountain side toward town, although they are not burning with the force they have been.

At Gunnison, Crested Butte, Wolcott and Glenwood Springs, the fires are still raging.

No estimate of the damage to timber and ranches can be given, but it will unquestionably run far into the thousands of dollars.

ENTIRE RIDGE AFLAME.

CARBONDALE, Col., Sept. 30.—On Bald mountain, above Cattle Creek, to the east of this place, the entire ridge is aflame, and the heavy west wind prevailing the last three days is driving it up along the mountain to the east and at present it extends for a distance of five miles to the southeast. For miles around to the northwest the Haystack mountain, extending across to the Muddy Country, another large fire is burning, while due west, above Spring gulch, large timber tracts, covering hundreds of acres, are being destroyed. The men at Tuckers' lumber camp, which furnishes timber for the mines, are hard at work protecting the timber and plowing to stop the advance of the flames.

Northwest of here, above Sunshine, another large tract is burning.

Due north from here, between Spring valley and Grand river, a large tract of Mesa land, over fifteen miles in length, is burning.

A SEA OF FIRE.

DENVER, Col., Sept. 30.—Battlement government reserve, bounded by the Grand river on the north, Roaring Fork on the east and the Gunnison on the west, is a mass of flame. This reserve runs through the counties of Garfield, Delta and Mesa.

The Big White river government reserve, starting in Garfield county and extending through the Routt and Rio Blanco, is also on fire. Reliable reports show that the fires are now nearly three hundred miles in circumference, with Glenwood for a center, and practically every mountain range with timber is ablaze.

The only cessation of the fire that is reported comes from Cottonwood and Four Mile creeks, where the flames have consumed everything that will burn on the mountain sides. On the south side of the Rio Grande from Mintour to Glenwood, the railroad men report a steady blaze of fire plainly seen from the smaller valleys. Many ranches have been abandoned. There appears to be no hope of a cessation of the conflagration except by a very heavy rain or the demolition of the timber by the destroying element.

J. W. Swan, game commissioner, states that there is no doubt but that fires are caused by the carelessness of people generally during a season of exceptional dryness.

Col. W. T. S. May, chief United States forester, has gone to the west slope to inspect the country under government control where fires are burning.

HAY IN OFFICE.

The Late Ambassador Becomes Secretary of State.

Oath Administered to Him by Justice Harlan at the White House--Cabinet Meeting.

WASHINGTON, Sept. 30.—Col. John Hay was sworn into office as secretary of state at 11 o'clock this morning. The ceremony took place in the president's room at the white house and the oath was administered by Justice Harlan, of the supreme court. Mr. Hay immediately joined his colleagues in the regular Friday cabinet session.

The meeting today was devoted largely to matters of detail in connection with the formation of the army which is to be sent to Cuba. Reports were read to the effect that by October 15, the danger from yellow fever will have passed, and it is understood that the movement of the troops will begin about that time.

LOCAL LINES.

Miss Ella Keel is visiting with Miss Bertha Hall in Kendallville for a few days.

Mrs. A. L. Breibel is the guest of Mrs. Jennie Goodwin and daughters in Kendallville.

Clem Bott, of the White Fruit House, spent yesterday at Bluffton, attending the street fair.

J. H. Hackett, traveling freight agent of the Erie railway, was a Fort Wayne visitor yesterday.

The Christian Missionary alliance will hold a meeting this evening at the home of Mr. and Mrs. W. O. Bassett, 87 Hayden street.

Mrs. M. Johnson and son, Clarence, have returned to Fort Wayne, after having enjoyed a visit among relatives residing in Chicago.

The storm yesterday afternoon did considerable damage east of the city. On the farm of Oliver Hanna, on the New Haven road, several buildings were wrecked.

Last evening Mr. and Mrs. George Killen were pleasantly surprised by a number of friends, at their home, 329 East Creighton avenue. Music, singing and games occupied the evening. Luncheon was served at a late hour.

ARE GETTING READY

Peace Commission Occupies Its Working Quarters.

The American Envoys Holding Daily Sessions.

Joint Sessions Are Soon to Be Inaugurated.

Spanish Commissioners Deny Purported Interviews Giving the Substance of Their Instructions.

PARIS, Sept. 30.—The United States peace commission has taken possession of its working quarters, a suite of seven rooms on the ground floor of the Hotel Continental, at the corner of the Rue de Rivoli and the Rue Royal commanding the Tuileries gardens and formerly used by the ex-Empress Eugenie. American flags drape the entrance of the peace commissions apartments.

The clerical force of the commission has been systematized and is now working busily. The spirit of the Paris press is daily rendered into English for the information of the commissioners and the same thing is done with the newspapers of Madrid.

Many wooden boxes of records, data and authorities affecting the case of the United States were unpacked today and carefully arranged.

The American commission held its usual session this morning. It is believed the commissioners are crystalizing their plans and arranging all the details of the work which will be taken up when the commissions begin their joint sessions.

This is the first inclement day since the commission has been abroad, and the wives of the commissioners and other members of the party are devoting it to visiting the Louvre and other places of interest.

The Spanish commissioners formally deny the various interviews and paragraphs purporting to give the substance of their instructions which have appeared in the newspapers. The secretary of the Spanish commission said to the representative of the Associated Press with the American commission:

"No member of our commission has given any interview and all which have appeared in print as to our instructions is false. We are here to defend ourselves, and naturally we are not willing to give any of our weapons to our opponents."

CHILDREN'S DAY.

Arrangements Completed for Little Folks Gala Day of the Carnival.

Arrangements for children's day have been completed and the order of the parade has been fixed. On Tuesday afternoon the parade will start at an hour to be hereafter designated. First will come a band, then the living flag composed of 260 little girls. After them will come the brownies and sprites followed by the pony carts of which there will be quite a number; then will follow the horribles and a number of other features, including the newsboys, who will appear in uniform caps and will do some soldier drills. Many other special features arranged by children will participate in this parade and the line of march will be published later. It will not be very long, however.

All persons who have rooms to rent with or without board are requested to send their name in to the secretary. The indications for a crowd are such that the committee feels there may be trouble in finding accommodations for them.

L. Z. Leiter and family passed through Fort Wayne last evening, in their private car "Hazelmere," which was attached to train No. 8 on the Pennsylvania line. The distinguished party was en route from Chicago to Washington, to be in attendance at the launching of the battleship Illinois, at Newport News, Miss Daisy Leiter having been selected by Governor Tanner to christen the mighty craft.

CANADA has gone "dry," but there will be no drouth. Water will be more in evidence than ever.

DAVID B. HILL came down from Wolfert's Roost long enough to receive the respects of Richard Croker and will now probably return to his perch.

THE London Globe says Colonel Roosevelt will almost certainly be the next governor of New York state and predicts what will happen when this "appointment" is made. Plainly, the proposed Anglo-Saxon alliance is needed, if only for educational purposes.

SOME doubt is expressed that the gubernatorial nominee of the New York democrats will accept the nomination. Judge Augustus Van Wyck is a justice of the state supreme court at a salary of $17,000 a year. The governorship pays but $5,000 and getting to it is somewhat uncertain.

HENRY ZIEGENHEIN, mayor of St. Louis, may or may not attend the ball of the Veiled Prophet this year, the question depending on whether he is willing to wear a "dress suit" or not. He wore a Prince Albert coat last year, but the managers of the ball have announced that no one not wearing full dress will be admitted this year.

MRS. P. J. WALSH, mother of Private W. J. Walsh, of Company D, Seventy-first New York regiment, wrote to the war department about September 1, asking for information of her son. The boy's father by diligent search found him at Montauk Point, sick and neglected, and after much trouble secured a furlough for him on September 13. Three days later, after having been first taken to New London, then to Egg Harbor, then back to Montauk Point, he was finally landed in New York and taken to St. Vincent's hospital, where on September 19 he died. Then Mrs. Walsh received a letter from the war department, dated September 22, saying it had no record of the sickness of Private W. J. Walsh and no knowledge of his whereabouts.

DR. CONGOSTO, interviewed in New York on his way to Spain, throws a little incidental light upon the humanitarian side of the war in Cuba. Asked about the reconcentrados he replied, "There are no reconcentrados now." What has become of them? he was asked. "They are gone." Where? "God knows." A recent Cuban letter states that in one town where there were 2,500 people when the blockade began there are now 1,000. The 1,500 others are "gone." And while those that remain must be close to starvation, the Spanish representatives in Cuba still object to the free entry of supplies. Dr. Congosto, who is an intelligent and honorable man, with no sympathy with the Blanco policy, expressed the opinion that the future of Cuba is a social rather than a political problem, and that emigration must be looked to for its solution. With the practical extinction of so large a part of the native population there should be plenty of room for this, when security is once established.

THE withdrawal of Judge Hackney from the democratic state ticket on which he was a candidate for justice of the supreme court will be regretted by the majority of Indiana democrats. His nomination was opposed by some who thought he was too lukewarm in his advocacy of the Chicago platform and by still a larger number who did not like his decisions with respect to the legislation known as the Nicholson law. The antagonism of this last named element was crystallized mainly through the efforts of the liquor dealers' associations throughout the state. Judge Hackney is an able and clean man, a very superior lawyer, a fine judge, and his record during his term on the supreme bench has been such as his friends and his party should be proud. He has served the state ably and well. Judge Hackney has not been forced from the state ticket, but resigns to accept a very lucrative position as counsel for an Indiana railroad. He believes that he cannot afford to remain on the bench.

HERE FIFTY YEARS.

Phillip Koellinger Celebrating an Anniversary.

Half a Century Ago He Arrived in Fort Wayne and Has Resided Here Ever Since.

Today it is fifty years since the old, respected settler, Philip Koellinger, of Wabash avenue, first set foot in this city, and he is observing the anniversary in a pleasant way at his home this afternoon.

Mr. Koehlinger left his home in Germany on May 21, 1848, and landed in Baltimore on August 27, of the same year. He is now completing his sixty-seventh year and during the last fifty years he lived continually in Allen county. His reminiscences of former conditions and of the life of early settlers in Fort Wayne and vicinity are interesting.

NOTES.

The base ball season at Robison park has closed.

Frank made three hits yesterday and Hartzell bobbed up with two.

"Sponge" Weldon will try to break into professional company next season. Weldon is as speedy an amateur as there is in the city. He is a good hitter, fine base runner, and is at home on the infield, outfield or behind the bat.

The game between the Shamrocks and Crystals will be hotly contested. The Shamrocks won the first game in a series of three, and if the champions win next Sunday's game the series will close. Robbins and Quinn will be opposing pitchers.

This is the only season Burkett, of Cleveland, has played in the big league that he hasn't made a home run. He usually makes five or six a season, and despite the fact that he is well up among the league batters, he has yet to make a homer.

Streit and Latimer have not signed with a league team. Latimer received a check to pay transportation to New York, but whether he went there or not is unknown. Anyhow, he left Dayton without settling room rent and some other obligations.

Manning has claimed Third Baseman Shindle, recently released by the Brooklyn club, so he evidently does not intend to try to develop another youngster to succeed Williams. In Pittsburg the impression prevails that First Baseman Ganzel and Third Baseman Gray will go to Kansas City in part payment for the players Watkins purchased of Manning.

A Youngstown exchange says: Cleveland's proposition of $1,600 for players Peter McBride, Charles Knopper and Osee Schrecongost was accepted and a contract entered into whereby Youngstown gets the services of these players provided Cleveland finds them not fast enough. One thousand dollars are to be paid for McBride and $300 each for the others. Youngstown, while a tail end club, will realize more from the sale of players than any club in the league, in fact, as much as all the clubs put together so it seems now.

Ned Hanlon says: "If Boston is within hailing distance when we get at her we will win the pennant. I think we shall get four out of six. Joe Corbett's breakdown cost us the championship last year. The thought of that deciding game is still enough to give one the horrors. We made ten runs off Nichols, but they made sixteen!"

WORKS OF ART.

Newspaper Men Visit the Fort Wayne Statuary Works.

A New Industry for Fort Wayne--Company Will Incorporate and Manufacture on a Large Scale.

The Fort Wayne Statuary company, which recently established works in the old Edgerton plow works building, on Maiden lane, had for its guests yesterday afternoon newspaper representatives of all the city dailies, and all of the visitors were most agreeably surprised at the character of the product of this new industry and of the magnitude of its manufacture.

The company was recently organized and will file articles of incorporation in a few days. Its business is to reproduce in clay and plaster the pieces of ancient, mediaeval and modern sculpture statuary, of which it has thousands of models. The works of art turned out here in the past month number 7,000 pieces in various styles of finish, as Florentine, ivory, marble, bronze, metal and natural. The figures range in size from a few inches to three feet.

In the works twenty-two persons are regularly employed. There are several departments, each one in charge of a competent man.

The heads of various departments are: Don E. Bolens, pupil of Loredo Taft, sculptor and general superintendent. Eugene Senni, of Florence, Italy, is in charge of moulding and casting department. Mr. Senni is an expert; did much of the statuary work at world's fair, Chicago. Alfred Senni, his brother, has charge of the finishing department. Otto Kell has been engaged as chief of decorating department. Mr. Kell is a graduate of Royal Academy of Art, Danzig, Prussia; Royal Academy of Art, Berlin, Germany, and Royal Academy of Art, Vienna, Austria. Packing and shipping department will be in charge of J. H. Bolens, an expert in a line peculiarly hard to fill.

This concern has in press a catalogue, containing an elaborate article on sculpture, besides nearly 400 half-toned illustrations from their productions. It will be the handsomest illustrated catalogue of statuary, busts, etc., published in this country, and will be on sale throughout the United States the coming week.

MUNICIPAL AFFAIRS.

Queen Will Be Crowned at the Market Place.

Coronation Stand is Being Erected--The Board of Works Had an Important Meeting Last Night.

Miss Velma Ohneck will be crowned queen of the carnival on the market space adjoining the city hall on the south side. Although the council refused an appropriation to build the stand the board of works had the authority to go ahead with the work and some of the city officials agreed to bear the expense if the money was not forthcoming out of the public funds.

The contractor commenced work this morning and the stand will be completed by tomorrow evening. It will be hadsomely decorated and the city building (except possibly the council chamber windows) will be buried in red, white and blue. The decorations will be carefully stored away after the fair and the city will hereafter be prepared to decorate without cost.

BOARD OF WORKS.

The members of the board of works last evening transacted considerable business of much importance. A number of property owners on Hoagland avenue from Pontiac street to Creighton avenue were present to discuss with the board the matter of building the sidewalk on that thoroughfare. Some of them favored building the walk next to the curb and the board at one time had about determined to do this, but there was considerable objection, and last evening both sides had their say. The board, after listening to the arguments, voted to relay the sidewalks, and the engineer was instructed to prepare specifications that would not necessitate the destruction of shade trees. This means of course, that the sidewalk will not abut the curb.

The plumbers' and gas fitters' bonds of John Schwogman and O. C. McDonald were approved, as was the bond of H. A. Gerberding to raise and relay the sidewalk in front of lot No. 121, in old plat. The petition presented by M. J. Maroney and twenty others for an asphalt pavement on Fourth street, from Sherman street to Calhoun street, was received and placed on file.

The assessment roll for the construction of brick sidewalks on the east side of Hanch street, from Hoffman street to the north line of lot No. 6, Beck's second addition, was approved. The meeting to hear remonstrances against the proposed improvement was set for October 13.

The work was accepted and the assessment rolls confirmed for the following improvements: Grading South Wayne avenue, from Home avenue to Organ avenue, under improvement resolution No. 134; the construction of a brick sidewalk on the east side of South Wayne avenue, from Home avenue to Organ avenue, under improvement resolution No. 135; grading the roadway and constructing a sidewalk on the north side of Wildwood avenue to South Wayne avenue, under improvement resolution No. 136; grading the roadway and constructing sidewalks on both sides of Kinnaird avenue, from Fairfield avenue to South Wayne avenue, under improvement resolution No. 137, and constructing brick sidewalks on the west side of Winter street, from Creighton avenue to Pontiac street, under improvement resolution No. 145.

C. E. Moellering, who is building the new engine houses was granted an extension of time until November 15.

THE DEATHS.

Soldier Honors at the Obsequies of Private Motherwell.

Pall Bearers Chosen--Deaths of Christian Denus and Grandma Souser, of This County.

The funeral services of Private Michael Motherwell, who was a member of the Twenty-eighth Indiana battery, will be held at the Church of the Precious Blood, in Bloomingdale, at 9 o'clock tomorrow morning.

The members of the Twenty-eighth will meet at 8 o'clock at the fair pavilion, on East Berry street, where they will be joined by Companies B and G, of the One Hundred and Fifty-seventh, and the body will move to the house and accompany the remains to the church. The several companies will tender many elaborate floral pieces. The pall bearers have been selected from the battery, as follows: Privates Zorg, Nolan, Wefel, Geary, Hazelet and Brown.

DENUS.

Chris. Denus, of Gaar Creek, died Saturday afternoon of cancer, aged seventy-two years and twenty-eight days. The funeral was held Tuesday at 1 o'clock from the house, and the remains laid to rest in the Lutheran cemetery, east of New Haven. Mr. Denus was an old resident of Milan township, having resided for about forty years on the farm where he died, and was highly respected for his industry and honesty. A wife and family of grown children survive him.

SOUSER.

Grandma Souser, one of the old settlers of Milan township, died last Saturday after quite a protracted illness. For many years she made her home with her son-in law, Daniel Workman. She was a very ambitious woman even to her old age. After the death of her daughter, Mrs. Workman, she assumed the responsibilities of a mother and cared for the many wants that confronted her. Rev. Carrington, of Maysville, officiated at the interment, which took place at Taylor chapel cemetery Tuesday morning. The deceased was past eighty seven years of age.

FUNERALS.

The funeral of the eleven-year-old son of James and Ida Smith, of 316 Maumee avenue, who died Wednesday night at the St. Joseph hospital will leave the house at 11 a. m. Saturday. A brief service will be held at the house, after which they will go on the 12:35 train to Decatur, from near which place the funeral will be held, Rev. J. W. Lake officiating.

We give no rewards, an offer of this kind is the meanest of deceptions. Our plan is to give every one a chance to try the merit of Ely's Cream Balm—the original Balm for the cure of Catarrh, Hay Fever and Cold in the Head, by mailing for 10 cents a trial size to test its curative powers. We mail the 50 cent size also and the druggist keeps it. Test it and you are sure to continue the treatment. Relief is immediate and a cure follows. Ely Brothers, 56 Warren street, New York.

DIRECTLY WON.

The Black Pacer Went a Mile in 2:03 1-4.

Frank Bogash and Bumps Have Another Collision--John R. Gentry Won From Joe Patchen.

LOUISVILLE, Ky., Sept. 30.—Not a favorite won, and every race was taken in straight heats. The fastest heat of the year was paced by Directly, and the black horse from Gretna, Ill., lowered the track record twice in succession. Mary Celeste, the Canadian filly trotted the fastest heat made by any 2-year-old this year, 2:17¼.

In the first heat of the 2:05 pace Bumps and Anaconda led to the stretch where Directly came like the wind and won in 2:04¼, breaking the track record of 2:05. In the third heat Directly won in 2:03¼, which is the fastest heat this year, barring a special race between Joe Patchen and Chehalis at Portland, Me.

In this heat the first accident of the meeting occurred, when Bumps' sulky was overturned in a collision with that of Frank Bogash. Ananias and Planet charged into it from behind, and there was a bad tangle. Dick Wilson, driver of Bumps, had his left shoulder dislocated, and was injured internally.

The 2:05 Pace, Purse $1,200—Directly, blk h (West), 1, 1, 1; Anaconda, b g (McHenry), 2, 6, 2; Chehalis, blk h (O'Neill), 4, 3, 3; Frank Bogash, br h (Bogash), 6, 7, 4; Bumps, b g (Wilson) 3, 2, dis.; Ananias, br h (Keys), 7, 4, dis.; Planet, b h (Starr), 5, 5, dis. Time—2:04¼, 2:06¼, 2:03¼.

GENTRY BEATS PATCHEN.

SPRINGFIELD, Ill., Sept. 30.—The Gentry-Patchen pacing race, two heats in three, for $5,000, was the feature at the state fair ground track yesterday. Gentry won the first two heats and the race. The heats were the fastest two of the season, the first being made in 2:04½ and the second in 2:03½. Today Star Pointer will try to lower his world's record of 1:59¼. Summary:

Special Match Race, Purse $5,000.—John R. Gentry, 1, 1; Joe Patchen, 2, 2. Time—2:04½, 2:03½.

DANGER IN SODA.

Serious Results Sometimes Follow Its Excessive Use.

Common soda is all right in its place and indispensable in the kitchen and for cooking and washing purposes, but it was never intended for a medicine, and people who use it as such will some day regret it.

We refer to the common use of soda to relieve heartburn or sour stomach, a habit which thousands of people practice almost daily, and one which is fraught with danger; moreover the soda only gives temporarily relief and in the end the stomach trouble gets worse and worse.

The soda acts as a mechanical irritant to the walls of the stomach and bowels and cases are on record where it accumulated in the intestines, causing death by inflammation or peritonitis.

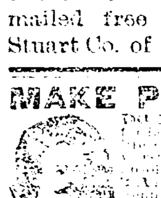

Dr. Harlandson recommends as the safest and surest cure for sour stomach (acid dyspepsia) an excellent preparation sold by druggists under the name of Stuart's Dyspepsia Tablets. These tablets are large 20 grain lozenges, very pleasant to taste and contain the natural acids, peptones and digestive elements essential to good digestion, and when taken after meals they digest the food perfectly and promptly before it has time to ferment, sour and poison the blood and nervous system.

Dr. Wuerth states that he invariably uses Stuart's Dyspepsia Tablets in all cases of stomach derangements and finds them a certain cure not only for sour stomach, but by promptly digesting the food they create a healthy appetite, increase flesh and strengthen the action of the heart and liver. They are not a cathartic, but intended only for stomach diseases and weakness, and will be found reliable in any stomach trouble except cancer of the stomach.

All druggists sell Stuart's Dyspepsia Tablets at 50c per package.

A little book describing all forms of stomach weakness and their cure mailed free by addressing the Stuart Co. of Marshall, Mich.

Brief Sketch of an Important Auxiliary to Railroading.

The Pennsylvania Company Repairing and Repainting the Best Equipped Wreck Train in the State.

The Pennsylvania wreck train is receiving some attention from the car repairers and painters at present and when the work is completed it will present a pretty appearance with its bright red coat. There are three cars in this train, viz: A derrick car, block car and a combination affair which serves in a half-dozen capacities. The latter car was originally a day coach. In one end of it is a store room for innumerable ropes, blocks and tackle, hoisting jacks, tool chests and fire apparatus. Near the center is a medical chest, well supplied with bandages, liniments and simple surgical appliances, and opposite is a refrigerator, always well stocked with ice and provisions. Next comes the cooking stove and then a row of cushion seats on either side of the car which can be transformed into comfortable beds sufficient to accommodate twelve men. The culinary department is only used in cases of emergency. When there is a wreck the men are provided with something to eat from the car, if need be, while they are engaged in clearing the tracks. Afterwards, when they are more leisurely engaged in picking up the wreckage, they dine at a hotel or convenient farm house. There are ten men in the wreck crew of the Pennsylvania company at this place and the residence of each one is connected with headquarters by electricity, so that he can be speedily summoned should his services be required at night, when he is away from the shops. The personnel of the crew is as follows: George Ebner, foreman; M. Lackey, assistant foreman; A. Bailey, car tender; H. Grosh, T. Wickliff, F. Klenke, H. Tresselt, G. W. Ely, A. Bartels and J. J. Leo.

PARTICULARS OF THE BOILER EXPLOSION.

The property loss resulting from the explosion of a Wabash locomotive boiler near Lafayette Wednesday night was considerable. The engine is so badly damaged that it will probably be consigned to the scrap pile. Its fire box was carried away entire and the under side of the boiler was stripped of pipes and attachments, while a large hole was torn in the boiler over the fire box. The tender was turned over and lay on the opposite side of the track from the dismantled engine. The train was a work train, consisting of three flat cars and a caboose. It was running backward at a rapid rate when the accident occurred and was derailed about 300 feet from the place of the explosion. The car next to the tender was demolished. The other two cars and caboose were thrown over on their side. The conductor and brakeman were in the caboose but escaped serious injury. The story of the wreck is thus told by the Lafayette Journal:

"The report of the accident reached the city about thirty minutes after it happened, and prompt measures were taken to send relief to the injured men. Superintendent Harrison and Officer Weinhardt secured a buggy and drove to the wreck. The wreck train was sent down at 9:15 o'clock and carried with it Drs. Beasley, Wetherill and Davidson. Dr. Campbell, of West Point, and another physician were called to the wreck and assisted in caring for the injured men.

"Fireman Regan was the first man picked up after the explosion took place. He was hurled from the cab and was thrown a distance of seventy-five feet. When found he was conscious and, although seriously injured, his chances for recovery are good.

"Engineer Johnson was found fastened under the engine between two of the back drivers. As soon as he was taken from the wreck it was seen that he had been fatally injured.

"Both men were placed in the caboose of the wreck train, and accompanied by the physicians, started with the men for the city. Engineer Johnson was dying when the caboose left the scene of the wreck. He frequently requested a drink of water and was conscious to the last. He died at twelve minutes after 11 o'clock, as the caboose was crossing South street.

"When the caboose reached the Union street crossing, where it had been ordered to stop, it was met by the police ambulance in charge of Captain Rinard and Officer Mackessy. Fireman Regan was taken to St. Elizabeth's hospital and, the body of Engineer Johnson was taken to Folckemer's undertaking establishment. The unfortunate engineer died from the effects of internal injuries. Fireman Regan was bruised about the head and chest and his back was burned. His home is at Lagro and he is unmarried. The physicians are confident that he will recover."

THE NICKEL PLATE DOES ITS SHARE.

District Passenger Agent M. C. Baker, of the Nickel Plate, has contributed his share towards making the street fair a success. He has advertised the fair along the line from Bellevue, 155 miles east, to Knox, eighty miles west of Fort Wayne. The Nickel Plate will run special trains to this city on Wednesday, Thursday and Friday. The train will leave Bellevue at 5:45, arriving here at 9:40 a. m., and leaving for the return trip at 11 p. m. The train from the west will leave Knox at 7 a. m., and arrive here at 9:20, and returning, leave Fort Wayne at 11 p. m.

THE IMPROVEMENTS BEGIN.

Gravel for the foundation to a brick platform at the Wabash depot is now being delivered and soon the work of laying the brick will begin. The depot building will also receive attention, both externally and internally. Sanitary closets are to be placed in the waiting rooms and the walls and ceilings are to be decorated. Charles Moellering has the contract for putting down the brick platform.

Charley McCoy, apprentice at the Wabash shops, is sick.

The Vandalia has 522 men employed in its shops at Terre Haute.

Engineer John G. Bechtold, of the Pittsburg road, is taking a vacation.

The Indiana State Federation of Labor will hold its convention a year hence at Elwood.

Superintendent G. L. Potter accompanied General Manager Loree to Pittsburg last night.

James T. Donahue has been advanced from freight car painter to striper at the Pittsburg shops.

Nickel Plate yard engine 201 has gone to the shops for repairs and engine 43 is doing work in the yards in the meantime.

Louis Baillieu, machinist in the Wabash shops, ground the skin off three of his fingers yesterday. The wound is a painful one.

A dispatch from Elwood says: "The Pennsylvania railroad company is retrenching and has laid off for a period of four days all the section hands at Elwood and elsewhere on the division."

Charles Larimore, a Pittsburg fireman, was taken ill while out on the road yesterday and was brought home on No. 8 last evening.

Joseph Nighter, machinist, has gone to the Wabash railway hospital at Peru for treatment. He has been ailing for a week or two.

F. D. Casanave, general superintendent of motive power of the Pennsylvania lines east, has returned from an extended foreign trip.

Mrs. F. Hooper, wife of the well known Nickel Plate engineer, is quite sick and that gentleman is unable to attend to his duties at the throttle on that account.

The electric works will, commencing tomorrow, run until 1 o'clock on Saturdays, and then close for the balance of the day. This rule will be permanent.

West-bound freights with all lines are the heaviest of any years since 1892, and largely high-class freights, showing that western merchants are large buyers.

Fireman VanDerbrook, of the Grand Rapids road, was summoned to Kalamazoo this morning. His wife, who is in that city, was taken suddenly and violently ill.

Frank Bowser, an employe of the Bowser works, dropped a heavy casting on his left foot yesterday with the result that two toes were mashed. He was taken to his home on Gay street.

A letter from Warren, Ind., convey, the news of the birth of a son to Mr. and Mrs. Henry Logerman, late of this city. Mr. Logerman was for a number of years employed in the Pittsburg shops.

Jesse L. Birely, a soldier and the son of William Birely, of the Pittsburg blacksmith shop, is still very ill at the home of his parents. The young man has typho-malaria and for two weeks has been bedfast.

The gross earnings of the Chicago, Milwaukee and St. Paul increased in the third week of September $119,000 over those of the corresponding week of 1897, the total being the largest week's earnings on record.

Conductor Sylvester McMahon went down to Arcola this morning to investigate the water works and sewer systems of that town and to sell city bonds. He will also pay a little attention to his farm near that village.

J. W. Keeler, Pennsylvania conductor, went to Valparaiso today. Tomorrow he will attend the golden wedding of his father and mother, which will be one of the leading social events of the season in that part of the country. The old couple have five children, all of whom are expected to be in attendance at the celebration.

Foreman G. A. Szink, of the Pittsburg blacksmith shop, has returned home after a ten days' sojourn in Pennsylvania. He visited during his stay in the Keystone state the cities of Altoona, Lock Haven and Renova.

A Wabash official is quoted as saying it would not do for the Wabash to antagonize the Vanderbilt interests so far as to build a link, giving it an entrance into Cleveland, and rumors of that character, he said, had no foundation.

The Wabash will have a good crowd on its Toledo and Detroit excursion Sunday. Arrangements have been made for running the train down to the old Island house, which will be appreciated by the excursionists, as that station is close to the wharves and business portion of the city.

The National Interlocking Plant company has been awarded the contract for the plant at Lafayette which is to be erected jointly by the Big Four, the Wabash, the Lake Erie and Western and the Monon. As the grades of the several roads are widely separated the installation of the plant will be difficult.

The seriousness of even a slight drop in rates is well illustrated in the last annual report of the Erie. The average freight rate per ton per mile decreased only 38-100ths of a mill, amounting to 7¼ cents per ton carried. Insignificant as those figures seem at first glance, they represent to the Erie a net revenue loss of over $1,700,000.

Miraculous Cure of Asthma.

The statement published below confirms the claim of Dr. Schiffmann that he has now discovered an absolute remedy for Asthma, a disease which has heretofore baffled the skill of the most noted physicians.

Mrs. Mary Zachory, Pleasant Hill, La., says: "I have found your Asthma Cure a permanent cure for asthma, for which I used it seven years ago. I have never had the slightest return of the trouble since. I have also found your remedy excellent in Bronchial affections. I shall ever have a feeling of gratitude for the benefits derived from your Cure."

Packages of Schiffmann's Asthma Cure may be obtained at all druggists at 50c and $1.00 per package or by writing to Dr. R. Schiffmann, Box 804, St. Paul, Minn.

POLICE NEWS.

A Lawyer Arrested for Train Climbing—Preparing for the Fair.

Charles M. Waidelich was in police court this morning on a charge of trespass. He was arrested by a Pennsylvania detective. In police court the prisoner showed a certificate of his admission to the Michigan bar at Grand Rapids, but said that recently he had been in the insurance business. He is about twenty-four years of age. The mayor sent the fellow to jail.

READY FOR THE FAIR.

Mayor Scherer and Superintendent Gorsline had a conference this morning and discussed the police regulations for next week. The fair association will have sworn in a large number of special policemen and the Pennsylvania will send several of its detectives here. The day men on the local force will be on duty until 11 or 12 o'clock each evening and the night men will be on duty during every afternoon. There may also be a number of special policemen appointed by the mayor, but exactly how many has not been determined.

FOUND SOME MONEY.

Superintendent Gorsline has in his possession some money which was found by a young man who turned it over to the superintendent to locate the owner, who can have the money by calling at the police station and proving ownership.

PHIPPS ON DUTY.

O. A. Phipps, the new policeman, went on duty last night. He will be placed on the night force and Officer Pappert will be transferred to the day force.

At the annual meeting of the ladies' association of Trinity parish, held yesterday afternoon, Mrs. Minnie Brown was elected president; Mrs. William Hahn, vice president; Mrs. Calvin Reiman, secretary, and Mrs. W. W. Shryock, treasurer.

NO MORE PRIZE FIGHTS.

So Declares the Fort Wayne Athletic Club—New Manager to be Chosen.

The Fort Wayne Athletic club met last night and decided to give up boxing exhibitions and bouts that savor of the prize ring. The club has closed a deal with the Chicago Athletic club, whereby the latter takes the match between Tommy Sullivan, of Brooklyn, and Tommy Dickson, of Rochester, N. Y., off the hands of the local club. This match was to have been seen in Fort Wayne on October 15. The match between Jimmie Rose, of New York, and Jimmie Barry, of Chicago, may also be sold.

It was decided to hold a meeting at the city hall on Monday evening, Oct. 10, for the purpose of electing a manager to succeed Charles Reese, whose term expires October 1.

Dignified Dress Goods

In the plain, genteel weaves.

These are the fabrics much sought after this season, aud from which tailors and dressmakers love to make smart costumes; for here are the coverts and cheviots and the camel's hair weaves that are as soft as a kitten's back; the Drap d'Ete, lustrous and serviceable; the whipcords, the new poplins and broadcloths; also a host of two-tone fabrics, diagonals and the very swell Bayadere effects.

Plain in weave, but rich in effect---a gathering that satisfies by its completeness.

A Plain, Simple Statement Is Enough.

Provided the facts are back of it. The blind organ grinder who wore a badge with the words "I Am Really Blind," received for his truthful simplicity a shower of nickels. The statements made in our ads and in our store are plain, simple and to the point. Back of every statement is the truth, and back of the truth and backed by the truth is the biggest clothing business in Northern Indiana.

Suits For Men

To suit men who will not be suited with suits which are not all right. Hundreds of suits, new suits. No old things carried over. Can't find that kind here, because every season we clean out that season's stock. Elegant things we show. They have the cut that fits and a fitting cut it is. The style is the kind that's all the rage, the kind you want, and the prices are such as you like to pay.

$7.50 to $20.00.

OVERCOATS!

Time to be thinking about them, too. Not ready to buy? Well, come in some day when you have time and just look at ours. We enjoy showing them. Come and look when you please, and where you please. It spoils you, however, for the other kind, when you see ours. We have them from $7.50 to $20.00. They are worth more, but we don't ask it.

BOYS WILL BE BOYS,

And so long as they are they will wear out clothes faster than you wish they would. Ours wear out slower than any we ever knew anything about. Fine knee pant suits of all sorts for boys, good boys, bad boys, indifferent boys. The clothes don't care who wear them. Prices from

$1.45 to $8.00 Per Suit.

Lots of Fancy Shirts at.....$1.00
Hats for the Masses.....$1.00, $1.50, $2.00 and $3.00

Don't delay, but come here at once. Its investigation, examination, discrimination that we court. Add to this determination to get the best and you can be sure you will find it at

AN IDEAL BREAKFAST.

One of the most delicious breakfast foods that has been placed on the market is Grape-Nuts, the predigested food that is having such a wide sale. Four teaspoonfuls of this novelty, with a little cream, makes an ideal meal to start the day's duties on. There is as much nourishment in one pound of Grape-Nuts as in ten of meat.

The delicate sweet flavor is that of grape-sugar.

FATHER & SONS CURED OF ITCHING RASH

I had an itching rash under my chin, which kept spreading until it was all over my body. I could not sleep but was compelled to lie awake and scratch all the time. My father and two brothers were afflicted with the same thing, at the same time. We all suffered terribly for a year and a half, trying in the meantime all the remedies we could find, but received no benefit. I bought three cakes of CUTICURA SOAP and three boxes of CUTICURA (ointment) and they cured the four of us completely. RICH'D ANDERSON, Genera, Utah.

MAKES HIS REPORT.

General Merritt's Story of His Campaign.

An Account of the Fighting at Manila.

Pays Lofty Tribute to American Soldiers.

Held No Official Intercourse With Aguinaldo—Insurgents Prove to be an Embarrassment.

WASHINGTON, Sept. 30.—The report of Major General Wesley Merritt of the operations about Manila was made public at the war department today. It is dated on board the transport China, August 31. After giving briefly the story of his embarkation and arrival at Manila and the disposition of the troops there, he says:

"I found General Greene's command encamped on a strip of sandy land running parallel to the shore of the bay and not far distant from the beach, but owing to the great difficulties of landing supplies, the greater portion of the force had shelter tents only and were suffering many discomforts, the camp being situated in a low, flat place, without shelter from the heat of the tropical sun or adequate protection during the terrific downpours of rain so frequent at this season.

THE AMERICAN SOLDIERS.

"I was at once struck by the exemplary spirit of patient, even cheerful endurance shown by the officers and men under such circumstances and this feeling of admiration for the manner in which the American soldier, volunteer and regular alike, accept the necessary hardships of the work they have undertaken to do, has grown and increased with every phase of the difficult and trying campaign which the troops of the Philippine expedition have brought to such a brilliant and successful conclusion.

"The Filipinos, or insurgent forces at war with Spain, had prior to the arrival of the American land forces, been keeping a desultory warfare with the Spaniards for several months, and were at the time of my arrival in large force, variously estimated and never accurately ascertained, but probably not far from 12,000 men. These troops, well supplied with small arms, with plenty of ammunition and several field guns, had obtained positions of investment opposite the Spanish line of detached works throughout their entire extent."

ABOUT AGUINALDO.

General Merritt then speaks of Aguinaldo's accomplishments previous to his arrival and continues:

"As General Aguinaldo did not visit me on my arrival nor offer his services as a subordinate military leader, and as my instructions from the president fully contemplated the occupation of the islands by the American land forces and stated that the powers of the military occupant are absolute and supreme and operate upon the political condition of the inhabitants, I did not consider it wise to hold any direct communication with the insurgent leader until I should be in possession of the city of Manila, especially as I would not until then be in a position to issue a proclamation or enforce my authority in the event that his pretensions should clash with my designs.

"For these reasons the preparations for the attack on the city were pressed and military operations conducted without reference to the situation of the insurgent forces.

WISDOM OF THE COURSE.

"The wisdom of this course was subsequently fully established by the fact that when the troops of my command carried the Spanish intrenchments, extending from the sea to the Passay road on the extreme Spanish right, we were under no obligations by prearranged plans of mutual attack, to turn to the right and clear the front still held against the insurgents, but were able to move forward at once and occupy the city and suburbs.

"To return to the situation of General Greene's brigade as I found it on my arrival, it will be seen that the difficulty in gaining an avenue of approach to the Spanish line lay in the fact of my disinclination to ask General Aguinaldo to withdraw from the beach and the 'Callo Real' so that Greene could move forward. This was overcome by instructions to General Greene to arrange, if possible, with the insurgent brigade commander in his immediate vicinity to move to the right and allow the American forces unobstructed control of the roads in their immediate front. No objection was made, and accordingly General Greene's brigade threw forward a heavy outpost line on the 'Callo Real' and the beach and constructed a trench, in which a portion of the guns of the Utah batteries was placed.

A SHARP ATTACK.

The Spanish, observing this activity on our part, made a very sharp attack with infantry and artillery on the night of July 31. The behavior of our troops during the night attack was all that could be desired, and I have, in cablegrams to the war department, taken occasion to commend by name those who deserve special mention for good conduct in the affair. Our position was extended and strengthened after this and resisted successfully repeated night attacks, our forces suffering, however, considerable loss in wounded and killed, while the losses to the enemy, owing to the darkness, could not be ascertained.

CHURCH AFFAIRS.

Catholic Archbishops to Meet in Washington.

Meeting Will Not Deal With Affairs in Cuba, Porto Rico or the Philippines.

WASHINGTON, Sept. 30.—The condition of the Catholic church throughout the country will be considered at the annual meeting of the archbishops of the United States, which will be held at the Catholic university beginning October 11. A full attendance of the leading figures of the church is expected, including Archbishop Keane, who has come from Rome to attend the annual gathering. The directors of the University will hold their annual meeting at the same time.

It is understood that the archbishops will deal with little outside of the routine affairs of the church, as there are no large questions pending. It is said that the meeting will not deal with the questions of Catholic authority in Cuba, Porto Rico and the Philippines.

So far as Cuba and Porto Rico are concerned they are under an established Catholic archbishopric, which will not be disturbed in any way. The church authority is centered at Santiago, that being the old capital of the island, and the archbishop has two suffragans, one at Havana and another in Porto Rico. The bishops at the two latter points, as well as the archbishop of Santiago, will remain in control of Catholic affairs. The purpose is to avoid upheavals such as would result from a change in the governing powers of the church in these quarters, so that no changes will be made until they come about naturally by death or retirement.

The Catholic authorities are expecting early word from Rome as to the new archbishop of Santa Fe, who takes the place of Archbishop Chappelle, now at New Orleans. The nominations for the Santa Fe archbishopric have been sent to Rome, although the name selected may be outside of those on the nominating list. The recent death of the bishop of Harrisburg leaves a vacancy in that post which, however, will not be filled for some time.

A NIGHT OF TERROR.

People of Pana Expected Attack by Negroes.

Families Combined to Resist an Assault.

Armed Men Patrolled Streets or Lay in Ambush.

An Armed Force Has Been Sent to Pana, But Will Not Assist to Operate the Mines.

PANA, Ill., Sept. 30.—Last night was a terrorizing one for the people of Pana. Two-thirds of the residences were unoccupied. Each of the houses occupied contained a group of families. In some cases all the residents of an entire block spent the dark hours in one home armed, terrorized and awaiting attacks expected to be made on their homes by the negroes imported from Alabama.

AWAITED ATTACK.

All night the striking union miners, reinforced by brother miners from other towns, armed with shotguns and rifles, paraded the streets and in some cases lay in ambush on housetops and in other hiding places awaiting the coming of the blacks from the Springside and Penwell stockades, who had announced an intention to march into the city and drive out the whites.

But the deputy sheriffs were successful in keeping the negroes under control and within the stockades. Many shots were fired in the vicinity of the mines throughout the night, but with what result could not be ascertained. Today, in response to Sheriff Coburn's urgent appeal, battery B, of Galesburg, and two companies of Hamilton's Sons of Veterans, were on the way to Pana.

MUST NOT AID OPERATORS.

They are by the governor's instructions to protect lives of citizens and their property, but under no consideration to assist the mine owners in operating the mines with imported labor. Many visiting miners heavily armed arrived here today and later with 200 local miners left the city for Shelby county three miles east to intercept a Baltimore and Ohio train, said to be conveying sixty negro miners to Pana to take union men's places. The purpose is to stop the train, unload the negroes and at the point of guns march them east.

Sheriff Coburn will dispatch a posse to the county line to prevent a hold-up of the train within Christian county. The miners are anxious to compel the negroes to turn back before soldiers arrive.

GENERAL DISARMAMENT.

On the arrival of the soldiers at Pana it is intended to have all citizens, white or black, disarmed by the militia.

Sheriff Coburg, in wiring for troops last evening, reported one black killed in Wednesday's riot and several wounded. Mayor Penwell, son of Operator Penwell, spent last night inside the stockades. He said he was afraid of being mobbed by the miners, and that for fear of mobs his father and mother have left the city.

JEHU BAKER BLIND.

Southern Illinois Statesman Loses His Sight.

BELLEVILLE, Ill., Sept. 30.—Congressman John Baker is blind. After an active career covering half a century, he must travel the remnant of his road with sightless eyes.

At his age—he is seventy-six—the doctors say there is no hope of a restoration of sight. This calamity has not fallen suddenly. The congressman has been failing for some time. In fact, he has never quite recovered from his serious illness of four years ago. Congressman Baker has been for years a conspicuous figure in politics in southern Illinois. He is the only man who ever defeated Col. William R. Morrison, so long congressman from this, the old Eighteenth district, and more recently chairman of the interstate commerce commission.

Mr. Baker whipped Colonel Morrison three times. At the last election in which Morrison was defeated the tariff was the great issue and Colonel Morrison was such a conspicuous low tariff man that he was known from one end of the United States to the other as "Horizontal Bill." Mr. Baker was prevailed upon by the republicans to take another nomination against his old opponent. The campaign which followed is historic in this part of the world.

Its like was never seen before or since. When the ballots were counted Mr. Baker was elected and Colonel Morrison never again became a candidate for an elective office.

MEETING ADJOURNS.

Federation of Labor Demands Many Industrial Reforms.

TERRE HAUTE, Ind., Sept. 30.—The Indiana Federation of Labor adjourned yesterday afternoon to meet in Elwood next year. Among the resolutions adopted were the following:

Extending sympathy to the Pana miners; for a law requiring barbers to receive state licenses; endorsing the fight of the Chicago Typographical union against the W. C. Conkey Printing company, at Hammond, Ind.; in favor of 6 per cent. as the legal interest; boycotting persons who permit advertisements of a certain brand of tobacco to be placed on their property; boycotting department stores; for a committee of five to confer with prison authorities as to amendments of the new anti-convict labor law; for state inspections of all boilers not inspected by insurance companies; for an amendment of city charters granting the privilege of doing all public work by the city direct without letting contracts.

SENT TO THE PEN.

Morris Felix, the Alleged Pickpocket, Found Guilty.

William Waltemath Sues John Bowman for $5,000 for Alienating His Wife's Affections.

Before Judge O'Rourke and a jury, Morris Felix was tried for picking the pocket of a traveling man named Gardner during the races. Felix pleaded not guilty and was defended by John H. Aiken. He claimed to have found the money, but the jury was only out half an hour when they found him guilty. Judge O'Rourke sentenced Felix to serve an indefinite term of from two to fourteen years in the reformatory at Jeffersonville.

WANTS $5,000 DAMAGES.

Huntington Herald: "William Waltemath, of Fort Wayne, has brought suit against John W. Bowman, the blacksmith of this city, for $5,000 damages for the seduction of his wife and the alienation of her affections. The suit was filed in the circuit court Thursday morning by A. D. Wasmuth, attorney for plaintiff.

"Waltemath alleges in his complaint that in December, 1883, he married one Bethena McKee, daughter of Anna McKee; that from the date of his marriage until June, 1898, he and his wife, Bethena, lived together as husband and wife, making their home in the city of Fort Wayne; that as the fruits their marriage they have three children, the oldest fourteen and the youngest six years old; that on the 8th day of June, 1885, defendant Bowman married his mother-in-law, Anna McKee; that this plaintiff had always lived on most friendly and intimate terms with Mrs. Anna McKee, and that after said last marriage such friendly relations continued to exist, plaintiff and wife making frequent visits to the home of plaintiff's mother-in-law, she in turn as often calling at plaintiff's home to visit her daughter.

"That after their marriage, defendant and wife made their home in the city of Huntington; that defendant, under plea of transacting business in Fort Wayne, often came to visit at the home of plaintiff, and that during such visits, by making presents to plaintiff's wife, gained her confidence, and through this confidence contrived by will and persuasions, to gain the affections of plaintiff's wife, and alienated her affections from her husband; that in the year 1890, defendant, through the advantage of the confidence he had established in the mind of plaintiff's wife, did, by will and persuasion induce her to submit to his embraces, and practiced the same at divers time thereafter.

"That by reason of such seduction of his wife and the alienation of her affections from him, this plaintiff has been wholly deprived of the comfort and society of his wife; his name dishonored, his family broken up, and his home destroyed, to his damage in the sum of $5,000, for which he prays judgment and all relief in the premises."

Mr. and Mrs. Waltemath were divorced in June, this year, and plaintiff claims he did not know of his wife's improper relations until after divorce.

NOTES.

Judge O'Rourke is still hearing evidence in the case of Ellison vs. the Farmers' Mutual Fire Insurance company.

Mary E. Smith sues Louis H. Niemeyer for $100 on note and mortgage.

~~Louise E. Berry sues Margaret~~ Ryan et al. for $500 and foreclosure. W. H. Reed is plaintiff's attorney.

Homer C. Underwood has filed his bond as notary public.

THE QUEEN.

Her Picture in Miner's Collection, Corner Wayne and Calhoun.

Among the exhibits that will attract more than passing notice during the carnival is the new case of photographs standing at the corner of Wayne and Calhoun streets. The pictures on exhibition are all the work of the Miner studio, No. 23 West Wayne street. The exhibit shows the various style of pictures and finish by which this studio has gained its wonderful reputation for high grade work. Among the pictures is a likeness of our queen, Miss Velma Olneck, taken since her election as queen of the carnival.

PROHIBITION CARRIES.

People of Canada Vote for Abolishment of the Liquor Trade.

TORONTO, Ont., Sept. 30.—The majority for prohibition throughout the entire dominion will not likely exceed 18,000. All the provinces except Quebec voted prohibition, Ontario giving it a majority of about 10,000.

Quebec's majority of 40,000 against is just about offset by the returns from the maritime provinces, while the returns from Manitoba, the territories and British Columbia show that the west is in favor of prohibition by a majority of 7,000 or 8,000.

Even the prohibition papers consider the majority too small to influence the government to attempt to enact prohibition legislation.

B. W. Applegate has sold his residence property at 22 East Butler street to John Richmond, bookkeeper for James Kennedy & Co., foreign lumber dealers. The consideration was $2,500 and the sale was made through John Ferbing. Mr. Applegate is agent for S. F. Bowser & Co., and makes his headquarters at Pittsburg.

The "Packard Carnival March" is the name of a stirring piece of music which will be played by the City band and the Alexander Mandolin orchestra during the street fair and carnival. It is written by Rudolph Knauer, of Indianapolis, and is dedicated to the queen of Fort Wayne's carnival, Miss Olneck.

FURY OF THE FLAMES

Western Slope in Colorado Being Devastated.

Fires Fiercely Sweeping the Mountain Side.

Immense Tracts of Timber Land Laid Waste.

No Hope Can be Held Out for a Change in the Weather—Loss Already Tremendous.

DENVER, Col., Sept. 30.—The weather man can offer no hope for those on the western slope whose homes and crops are threatened by the forest fires.

There are no indications whatever of rain, and this seems to be the only element able to stay the fury of the flames.

Throughout Eagle county, high winds have prevailed, giving a fresh impetus to the forest fires that are devastating the timber domain.

In consequence new territory is being devoured. The blaze is rapidly extending along the grand reserves of Girard mountain, west of Homestead creek, and from present appearances will sweep the country to Bear mountain at Minturn.

COUNTRY IS DEVASTATED.

Back of Minturn to the heads of Willow and Two Elk, the country is devastated, little remaining to feed the flames. From Hoosier mountain the wind has driven the fire to the edge of Gypsum creek. The settlers of Upper Gypsum, Gannon, Collins and others are fighting desperately to save their homes and stop its passage across into the magnificent forests of West Brush. If it gets into Brush, the finest body of timber in the state is gone. No loss of life has been reported, but several people have lost their homes and their crops. All the game is leaving the country and escaping the smoke and heat of the blazing woods.

Dispatches received here say that Wheyley's peak, between North and Middle park, is now a mass of flames and it is greatly feared that they will extend to both of those beautiful camping grounds. The fire has already cut a swath thirty-five miles long, from the Grand river almost to Dillon, in Summit country. The width is as yet unknown.

Kremmling, in Grand county, has had a narrow escape and the danger is not yet entirely over.

The fires in the vicinity of Ouray are not as bad as for several days previous, but the smouldering embers may be fanned into an awful conflagration by the slightest wind.

ASPEN IS THREATENED.

The fires around Aspen are working down the mountain side toward town, although they are not burning with the force they have been.

At Gunnison, Crested Butte, Wolcott and Glenwood Springs, the fires are still raging.

No estimate of the damage to timber and ranches can be given, but it will unquestionably run far into the thousands of dollars.

ENTIRE RIDGE AFLAME.

CARBONDALE, Col., Sept. 30.—On Bald mountain, above Cattle Creek, to the east of this place, the entire ridge is aflame, and the heavy west wind prevailing the last three days is driving it up along the mountain to the east and at present it extends for a distance of five miles to the southeast. For miles around to the northwest the Haystack mountain, extending across to the Muddy Country, another large fire is burning, while due west, above Spring gulch, large timber tracts, covering hundreds of acres, are being destroyed. The men at Tuckers' lumber camp, which furnishes timber for the mines, are hard at work protecting the timber and plowing to stop the advance of the flames.

Northwest of here, above Sunshine, another large tract is burning.

Due north from here, between Spring valley and Grand river, a large tract of Mesa land, over fifteen miles in length, is burning.

A SEA OF FIRE.

DENVER, Col., Sept. 30.—Battlement government reserve, bounded by the Grand river on the north, Roaring Fork on the east and the Gunnison on the west, is a mass of flame. This reserve runs through the counties of Garfield, Delta and Mesa.

The Big White river government reserve, starting in Garfield county and extending through the Routt and Rio Blanco, is also on fire. Reliable reports show that the fires are now nearly three hundred miles in circumference, with Glenwood for a center, and practically every mountain range with timber is ablaze.

The only cessation of the fire that is reported comes from Cottonwood and Four Mile creeks, where the flames have consumed everything that will burn on the mountain sides. On the south side of the Rio Grande from Mintour to Glenwood, the railroad men report a steady blaze of fire plainly seen from the smaller valleys. Many ranches have been abandoned. There appears to be no hope of a cessation of the conflagration except by a very heavy rain or the demolition of the timber by the destroying element.

J. W. Swan, game commissioner, states that there is no doubt but that fires are caused by the carelessness of people generally during a season of exceptional dryness.

Col. W. T. S. May, chief United States forester, has gone to the west slope to inspect the country under government control where fires are burning.

HAY IN OFFICE.

The Late Ambassador Becomes Secretary of State.

Oath Administered to Him by Justice Harlan at the White House—Cabinet Meeting.

WASHINGTON, Sept. 30.—Col. John Hay was sworn into office as secretary of state at 11 o'clock this morning. The ceremony took place in the president's room at the white house and the oath was administered by Justice Harlan, of the supreme court. Mr. Hay immediately joined his colleagues in the regular Friday cabinet session.

The meeting today was devoted largely to matters of detail in connection with the formation of the army which is to be sent to Cuba. Reports were read to the effect that by October 15, the danger from yellow fever will have passed, and it is understood that the movement of the troops will begin about that time.

LOCAL LINES.

Miss Ella Keel is visiting with Miss Bertha Hall in Kendallville for a few days.

Mrs. A. L. Brothel is the guest of Mrs. Jennie Goodwin and daughters in Kendallville.

Clem Bott, of the White Fruit House, spent yesterday at Bluffton, attending the street fair.

J. H. Hackett, traveling freight agent of the Erie railway, was a Fort Wayne visitor yesterday.

The Christian Missionary alliance will hold a meeting this evening at the home of Mr. and Mrs. W. O. Bassett, 87 Hayden street.

Mrs. M. Johnson and son, Clarence, have returned to Fort Wayne, after having enjoyed a visit among relatives residing in Chicago.

The storm yesterday afternoon did considerable damage east of the city. On the farm of Oliver Hanna, on the New Haven road, several buildings were wrecked.

Last evening Mr. and Mrs. George Killen were pleasantly surprised by a number of friends, at their home, 323 East Creighton avenue. Music, singing and games occupied the evening. Luncheon was served at a late hour.

ARE GETTING READY

Peace Commission Occupies Its Working Quarters.

The American Envoys Holding Daily Sessions.

Joint Sessions Are Soon to Be Inaugurated.

Spanish Commissioners Deny Purported Interviews Giving the Substance of Their Instructions.

PARIS, Sept. 30.—The United States peace commission has taken possession of its working quarters, a suite of seven rooms on the ground floor of the Hotel Continental, at the corner of the Rue de Rivoli and the Rue Royal commanding the Tuilleries gardens and formerly used by the ex-Empress Eugenie. American flags drape the entrance of the peace commissions apartments.

The clerical force of the commission has been systematized and is now working busily. The spirit of the Paris press is daily rendered into English for the information of the commissioners and the same thing is done with the newspapers of Madrid.

Many wooden boxes of records, data and authorities affecting the case of the United States were unpacked today and carefully arranged.

The American commission held its usual session this morning. It is believed the commissioners are crystalizing their plans and arranging all the details of the work which will be taken up when the commissions begin their joint sessions.

This is the first inclement day since the commission has been abroad, and the wives of the commissioners and other members of the party are devoting it to visiting the Louvre and other places of interest.

The Spanish commissioners formally deny the various interviews and paragraphs purporting to give the substance of their instructions which have appeared in the newspapers. The secretary of the Spanish commission said to the representative of the Associated Press with the American commission:

"No member of our commission has given any interview and all which have appeared in print as to our instructions is false. We are here to defend ourselves, and naturally we are not willing to give any of our weapons to our opponents."

CHILDREN'S DAY.

Arrangements Completed for Little Folks Gala Day of the Carnival.

Arrangements for children's day have been completed and the order of the parade has been fixed. On Tuesday afternoon the parade will start at an hour to be hereafter designated. First will come a band, then the living flag composed of 260 little girls. After them will come the brownies and sprites followed by the pony carts of which there will be quite a number; then will follow the horribles and a number of other features, including the newsboys, who will appear in uniform caps and will do some soldier drills. Many other special features arranged by children will participate in this parade and the line of march will be published later. It will not be very long, however.

All persons who have rooms to rent with or without board are requested to send their name in to the secretary. The indications for a crowd are such that the committee feels there may be trouble in finding accommodations for them.

L. Z. Leiter and family passed through Fort Wayne last evening, in their private car "Hazelmere," which was attached to train No. 8 on the Pennsylvania line. The distinguished party was en route from Chicago to Washington, to be in attendance at the launching of the battleship Illinois, at Newport News, Miss Daisy Leiter having been selected by Governor Tanner to christen the mighty craft.

CANADA has gone "dry," but there will be no drouth. Water will be more in evidence than ever.

DAVID B. HILL came down from Wolfert's Roost long enough to receive the respects of Richard Croker and will now probably return to his porch.

THE London Globe says Colonel Roosevelt will almost certainly be the next governor of New York state and predicts what will happen when this "appointment" is made. Plainly, the proposed Anglo-Saxon alliance is needed, if only for educational purposes.

SOME doubt is expressed that the gubernatorial nominee of the New York democrats will accept the nomination. Judge Augustus Van Wyck is a justice of the state supreme court at a salary of $14,000 a year. The governorship pays but $5,000 and getting to it is somewhat uncertain.

HENRY ZIEGENHEIN, mayor of St. Louis, may or may not attend the ball of the Veiled Prophet this year, the question depending on whether he is willing to wear a "dress suit" or not. He wore a Prince Albert coat last year, but the managers of the ball have announced that no one not wearing full dress will be admitted this year.

MRS. P. J. WALSH, mother of Private W. J. Walsh, of Company D, Seventy-first New York regiment, wrote to the war department about September 5, asking for information of her son. The boy's father by diligent search found him at Montauk Point, sick and neglected, and after much trouble secured a furlough for him on September 13. Three days later, after having been first taken to New London, then to Egg Harbor, then back to Montauk Point, he was finally landed in New York and taken to St. Vincent's hospital, where on September 19 he died. Then Mrs. Walsh received a letter from the war department, dated September 22, saying it had no record of the sickness of Private W. J. Walsh and no knowledge of his whereabouts.

DR. CONGOSTO, interviewed in New York on his way to Spain, throws a little incidental light upon the humanitarian side of the war in Cuba. Asked about the reconcentrados he replied, "There are no reconcentrados now." What has become of them? he was asked. "They are gone." Where? "God knows." A recent Cuban letter states that in one town where there were 2,500 people when the blockade began there are now 1,000. The 1,500 others are "gone." And while those that remain must be close to starvation, the Spanish representatives in Cuba still object to the free entry of supplies. Dr. Congosto, who is an intelligent and honorable man, with no sympathy with the Blanco policy, expressed the opinion that the future of Cuba is a social rather than a political problem, and that emigration must be looked to for its solution. With the practical extinction of so large a part of the native population there should be plenty of room for this, when security is once established.

THE withdrawal of Judge Hackney from the democratic state ticket on which he was a candidate for justice of the supreme court will be regretted by the majority of Indiana democrats. His nomination was opposed by some who thought he was too lukewarm in his advocacy of the Chicago platform and by still a larger number who did not like his decisions with respect to the legislation known as the Nicholson law. The antagonism of this last named element was crystallized mainly through the efforts of the liquor dealers' associations throughout the state. Judge Hackney is an able and clean man, a very superior lawyer, a fine judge, and his record during his term on the supreme bench has been such as his friends and his party should be proud. He has served the state ably and well. Judge Hackney has not been forced from the state ticket, but resigns to accept a very lucrative position as counsel for an Indiana railroad. He believes that he cannot afford to remain on the bench.

HERE FIFTY YEARS.

Phillip Koellinger Celebrating an Anniversary.

Half a Century Ago He Arrived in Fort Wayne and Has Resided Here Ever Since.

Today it is fifty years since the old, respected settler, Philip Koellinger, of Wabash avenue, first set foot in this city, and he is observing the anniversary in a pleasant way at his home this afternoon.

Mr. Koehlinger left his home in Germany on May 24, 1848, and landed in Baltimore on August 27, of the same year. He is now completing his sixty-seventh year and during the last fifty years he lived continually in Allen county. His reminiscences of former conditions and of the life of early settlers in Fort Wayne and vicinity are interesting.

NOTES.

The base ball season at Robison park has closed.

Frank made three hits yesterday and Hartzell bobbed up with two.

"Sponge" Weldon will try to break into professional company next season. Weldon is as speedy on amateur as there is in the city. He is a good hitter, fine base runner, and is at home on the infield, outfield or behind the bat.

The game between the Shamrocks and Crystals will be hotly contested. The Shamrocks won the first game in a series of three, and if the champions win next Sunday's game the series will close. Robbins and Quinn will be opposing pitchers.

This is the only season Burkett, of Cleveland, has played in the big league that he hasn't made a home run. He usually makes five or six a season, and despite the fact that he is well up among the league batters, he has yet to make a homer.

Streit and Latimer have not signed with a league team. Latimer received a check to pay transportation to New York, but whether he went there or not is unknown. Anyhow, he left Dayton without settling room rent and some other obligations.

Manning has claimed Third Baseman Shindle, recently released by the Brooklyn club, so he evidently does not intend to try to develop another youngster to succeed Williams. In Pittsburg the impression prevails that First Baseman Ganzel and Third Baseman Gray will go to Kansas City in part payment for the players Watkins purchased of Manning.

A Youngstown exchange says: Cleveland's proposition of $1,500 for players Peter McBride, Charles Knepper and Ossee Schrecongost was accepted and a contract entered into whereby Youngstown gets the services of these players provided Cleveland finds them not fast enough. One thousand dollars are to be paid for McBride and $300 each for the others. Youngstown, while a tail end club, will realize more from the sale of players than any club in the league, in fact, as much as all the clubs put together so it seems now.

Ned Hanlon says: "If Boston is within hailing distance when we get at her we will win the pennant. I think we shall get four out of six. Joe Corbett's breakdown cost us the championship last year. The thought of that deciding game is still enough to give one the horrors. We made ten runs off Nichols, but they made sixteen!"

WORKS OF ART.

Newspaper Men Visit the Fort Wayne Statuary Works.

A New Industry for Fort Wayne—Company Will Incorporate and Manufacture on a Large Scale.

The Fort Wayne Statuary company, which recently established works in the old Edgerton plow works building, on Maiden lane, had for its guests yesterday afternoon newspaper representatives of all the city dailies, and all of the visitors were most agreeably surprised at the character of the product of this new industry and of the magnitude of its manufacture.

The company was recently organized and will file articles of incorporation in a few days. Its business is to reproduce in clay and plaster the pieces of ancient, mediaeval and modern sculpture statuary, of which it has thousands of models. The works of art turned out here in the past month number 7,000 pieces in various styles of finish, as Florentine, ivory, marble, bronze, metal and natural. The figures range in size from a few inches to three feet.

In the works twenty-two persons are regularly employed. There are several departments, each one in charge of a competent man.

The heads of various departments are: Don E. Belens, pupil of Loredo Taft, sculptor and general superintendent. Eugene Sonni, of Florence, Italy, is in charge of moulding and casting department. Mr. Sonni is an expert; did much of the statuary work at world's fair, Chicago. Alfred Sonni, his brother, has charge of the finishing department. Otto Kell has been engaged as chief of decorating department. Mr. Kell is a graduate of Royal Academy of Art, Danzig, Prussia; Royal Academy of Art, Berlin, Germany, and Royal Academy of Art, Vienna, Austria. Packing and shipping department will be in charge of J. H. Belens, an expert in a line peculiarly hard to fill.

This concern has in press a catalogue, containing an elaborate article on sculpture, besides nearly 400 half-toned illustrations from their productions. It will be the handsomest illustrated catalogue of statuary, busts, etc., published in this country, and will be on sale throughout the United States the coming week.

MUNICIPAL AFFAIRS.

Queen Will Be Crowned at the Market Place.

Coronation Stand is Being Erected—The Board of Works Had an Important Meeting Last Night.

Miss Velma Ohneck will be crowned queen of the carnival on the market space adjoining the city hall on the south side. Although the council refused an appropriation to build the stand the board of works had the authority to go ahead with the work and some of the city officials agreed to bear the expense if the money was not forthcoming out of the public funds.

The contractor commenced work this morning and the stand will be completed by tomorrow evening. It will be handsomely decorated and the city building (except possibly the council chamber windows) will be buried in red, white and blue. The decorations will be carefully stored away after the fair and the city will hereafter be prepared to decorate without cost.

BOARD OF WORKS.

The members of the board of works last evening transacted considerable business of much importance. A number of property owners on Hoagland avenue from Pontiac street to Creighton avenue were present to discuss with the board the matter of building the sidewalk on that thoroughfare. Some of them favored building the walk next to the curb and the board at one time had about determined to do this, but there was considerable objection, and last evening both sides had their say. The board, after listening to the arguments, voted to relay the sidewalks, and the engineer was instructed to prepare specifications that would not necessitate the destruction of shade trees. This means of course, that the sidewalk will not abut the curb.

The plumbers' and gas fitters' bonds of John Schwegman and O. C. McDonald were approved, as was the bond of H. A. Gerberding to raise and relay the sidewalk in front of lot No. 121, in old plat. The petition presented by M. J. Maroney and twenty others for an asphalt pavement on Fourth street, from Sherman street to Calhoun street, was received and placed on file.

The assessment roll for the construction of brick sidewalks on the east side of Hench street, from Hoffman street to the north line of lot No. 6, Beck's second addition, was approved. The meeting to hear remonstrances against the propsed improvement was set for October 13.

The work was accepted and the assessment rolls confirmed for the following improvements: Grading South Wayne avenue, from Home avenue to Organ avenue, under improvement resolution No. 131; the construction of a brick sidewalk on the east side of South Wayne avenue, from Home avenue to Organ avenue, under improvement resolution No. 135; grading the roadway and constructing a sidewalk on the north side of Wildwood avenue to South Wayne avenue, under improvement resolution No. 136; grading the roadway and constructing sidewalks on both sides of Kinnaird avenue, from Fairfield avenue to South Wayne avenue, under improvement resolution No. 137, and constructing brick sidewalks on the west side of Winter street, from Creighton avenue to Pontiac street, under improvement resolution No. 145.

C. E. Moellering, who is building the new engine house was granted an extension of time until November 15.

THE DEATHS.

Soldier Honors at the Obsequies of Private Motherwell.

Pall Bearers Chosen—Deaths of Christian Donus and Grandma Sosser, of This County.

The funeral services of Private Michael Motherwell, who was a member of the Twenty-eighth Indiana battery, will be held at the Church of the Precious Blood, in Bloomingdale, at 9 o'clock tomorrow morning.

The members of the Twenty-eighth will meet at 8 o'clock at the fair pavilion, on East Berry street, where they will be joined by Companies B and G, of the One Hundred and Fifty-seventh, and the body will move to the house and accompany the remains to the church. The several companies will tender many elaborate floral pieces. The pall bearers have been selected from the battery, as follows: Privates Zorg, Nolan, Wefel, Geary, Hazelet and Brown.

DENUS.

Chris. Denus, of Gar Creek, died Saturday afternoon of cancer, aged seventy-two years and twenty-eight days. The funeral was held Tuesday at 1 o'clock from the house, and the remains laid to rest in the Lutheran cemetery, east of New Haven. Mr. Denus was an old resident of Milan township, having resided for about forty years on the farm where he died, and was highly respected for his industry and honesty. A wife and family of grown children survive him.

SOUSER.

Grandma Souser, one of the old settlers of Milan township, died last Saturday after quite a protracted illness. For many years she made her home with her son-in-law, Daniel Workman. She was a very ambitious woman even to her old age. After the death of her daughter, Mrs. Workman, she assumed the responsibilities of a mother and cared for the many wants that confronted her. Rev. Carrington, of Maysville, officiated at the interment, which took place at Taylor chapel cemetery Tuesday morning. The deceased was past eighty-seven years of age.

FUNERALS.

The funeral of the eleven-year-old son of James and Ida Smith, of 310 Maumee avenue, who died Wednesday night at the St. Joseph hospital will leave the house at 11 a. m. Saturday. A brief service will be held at the house, after which they will go on the 12:33 train to Decatur, from near which place the funeral will be held, Rev. J. W. Lake officiating.

We give no rewards, an offer of this kind is the meanest of deceptions. Our plan is to give every one a chance to try the merit of Ely's Cream Balm—the original Balm for the cure of Catarrh, Hay Fever and Cold in the Head, by mailing for 10 cents a trial size to test its curative powers. We mail the 50 cent size also and the druggist keeps it. Test it and you are sure to continue the treatment. Relief is immediate and a cure follows. Ely Brothers, 56 Warren street, New York.

DIRECTLY WON.

The Black Pacer Went a Mile in 2:03 1-4.

Frank Bogash and Bumps Have Another Collision—John R. Gentry Won From Joe Patchen.

LOUISVILLE, Ky., Sept. 30.—Not a favorite won, and every race was taken in straight heats. The fastest heat of the year was paced by Directly, and the black horse from Grotna, Ill., lowered the track record twice in succession. Mary Celeste, the Canadian filly trotted the fastest heat made by any 2-year-old this year, 2:17¼.

In the first heat of the 2:05 pace Bumps and Anaconda led to the stretch where Directly came like the wind and won in 2:04½, breaking the track record of 2:05. In the third heat Directly won in 2:03¼, which is the fastest heat this year, barring a special race between Joe Patchen and Chehalis at Portland, Me.

In this heat the first accident of the meeting occurred, when Bumps' sulky was overturned in a collision with that of Frank Bogash. Ananias and Planet charged into it from behind, and there was a bad tangle. Dick Wilson, driver of Bumps, had his left shoulder dislocated, and was injured internally.

The 2:05 Pace, Purse $1,200—Directly, blk h (West), 1, 1, 1; Anaconda, b g (McHenry), 2, 6, 2; Chehalis, blk h (O'Neill), 4, 3, 3; Frank Bogash, br h (Bogash), 6, 7, 4; Bumps, b g (Wilson) 3, 2, dis.; Ananias, br h (Keys), 7, 4, dis.; Planet, b h (Starr), 5, 5, dis. Time—2:04½, 2:06¼, 2:03¼.

GENTRY BEATS PATCHEN.

SPRINGFIELD, Ill., Sept. 30.—The Gentry-Patchen pacing race, two heats in three, for $5,000, was the feature at the state fair ground track yesterday. Gentry won the first two heats and the race. The heats were the fastest two of the season, the first being made in 2:04½ and the second in 2:03¼. Today Star Pointer will try to lower his world's record of 1:59¼. Summary:

Special Match Race, Purse $5,000.—John R. Gentry, 1, 1; Joe Patchen, 2, 2. Time—2:04½, 2:03¼.

DANGER IN SODA.

Serious Results Sometimes Follow Its Excessive Use.

Common soda is all right in its place and indispensable in the kitchen and for cooking and washing purposes, but it was never intended for a medicine, and people who use it as such will some day regret it.

We refer to the common use of soda to relieve heartburn or sour stomach, a habit which thousands of people practice almost daily, and one which is fraught with danger; moreover the soda only gives temporarily relief and in the end the stomach trouble gets worse and worse.

The soda acts as a mechanical irritant to the walls of the stomach and bowels and cases are on record where it accumulated in the intestines, causing death by inflammation or peritonitis.

Dr. Harlandson recommends as the safest and surest cure for sour stomach (acid dyspepsia) an excellent preparation sold by druggists under the name of Stuart's Dyspepsia Tablets. These tablets are large 20 grain lozenges, very pleasant to taste and contain the natural acids, peptones and digestive elements essential to good digestion, and when taken after meals they digest the food perfectly and promptly before it has time to ferment, sour and poison the blood and nervous system.

Dr. Wuerth states that he invariably uses Stuart's Dyspepsia Tablets in all cases of stomach derangements and finds them a certain cure not only for sour stomach, but by promptly digesting the food they create a healthy appetite, increase flesh and strengthen the action of the heart and liver. They are not a cathartic, but intended only for stomach diseases and weakness, and will be found reliable in any stomach trouble except cancer of the stomach.

All druggists sell Stuart's Dyspepsia Tablets at 50c per package.

A little book describing all forms of stomach weakness and their cure mailed free by addressing the Stuart Co. of Marshall, Mich.

Brief Sketch of an Important Auxiliary to Railroading.

The Pennsylvania Company Repairing and Repainting the Best Equipped Wreck Train in the State.

The Pennsylvania wreck train is receiving some attention from the car repairers and painters at present and when the work is completed it will present a pretty appearance with its bright red coat. There are three cars in this train, viz: A derrick car, block car and a combination affair which serves in a half-dozen capacities. The latter car was originally a day coach. In one end of it is a store room for innumerable ropes, blocks and tackle, hoisting jacks, tool chests and fire apparatus. Near the center is a medical chest, well supplied with bandages, liniments and simple surgical appliances, and opposite is a refrigerator, always well stocked with ice and provisions. Next comes the cooking stove and then a row of cushion seats on either side of the car which can be transformed into comfortable beds sufficient to accommodate twelve men. The culinary department is only used in cases of emergency. When there is a wreck the men are provided with something to eat from the car, if need be, while they are engaged in clearing the tracks. Afterwards, when they are more leisurely engaged in picking up the wreckage, they dine at a hotel or convenient farm house. There are ten men in the wreck crew of the Pennsylvania company at this place and the residence of each one is connected with headquarters by electricity, so that he can be speedily summoned should his services be required at night, when he is away from the shops. The personnel of the crew is as follows: George Ebner, foreman; M. Lackey, assistant foreman; A. Bailey, car tender; R. Grosh, T. Wickliff, F. Klenke, H. Tressolt, G. W. Ely, A. Bartels and J. J. Lee.

PARTICULARS OF THE BOILER EXPLOSION.

The property loss resulting from the explosion of a Wabash locomotive boiler near Lafayette Wednesday night was considerable. The engine is so badly damaged that it will probably be consigned to the scrap pile. Its fire box was carried away entire and the under side of the boiler was stripped of pipes and attachments, while a large hole was torn in the boiler over the fire box. The tender was turned over and lay on the opposite side of the track from the dismantled engine. The train was a work train, consisting of three flat cars and a caboose. It was running backward at a rapid rate when the accident occurred and was derailed about 300 feet from the place of the explosion. The car next to the tender was demolished. The other two cars and caboose were thrown over on their side. The conductor and brakeman were in the caboose but escaped serious injury. The story of the wreck is thus told by the Lafayette Journal:

"The report of the accident reached the city about thirty minutes after it happened, and prompt measures were taken to send relief to the injured men. Superintendent Harrison and Officer Weinhardt secured a buggy and drove to the wreck. The wreck train was sent down at 9:15 o'clock and carried with it Drs. Beasley, Wetherill and Davidson. Dr. Campbell, of West Point, and another physician were called to the wreck and assisted in caring for the injured men.

"Fireman Regan was the first man picked up after the explosion took place. He was hurled from the cab and was thrown a distance of seventy-five feet. When found he was conscious and, although seriously injured, his chances for recovery are good.

"Engineer Johnson was found fastened under the engine between two of the back drivers. As soon as he was taken from the wreck it was seen that he had been fatally injured.

"Both men were placed in the caboose of the wreck train, and accompanied by the physicians, started with the men for the city. Engineer Johnson was dying when the caboose left the scene of the wreck. He frequently requested a drink of water and was conscious to the last. He died at twelve minutes after 11 o'clock, as the caboose was crossing South street.

"When the caboose reached the Union street crossing, where it had been ordered to stop, it was met by the police ambulance in charge of Captain Rinard and Officer Mackessy. Fireman Regan was taken to St. Elizabeth's hospital and the body of Engineer Johnson was taken to Folckemer's undertaking establishment. The unfortunate engineer died from the effects of internal injuries. Fireman Regan was bruised about the head and chest and his back was burned. His home is at Lagro and he is unmarried. The physicians are confident that he will recover."

THE NICKEL PLATE DOES ITS SHARE.

District Passenger Agent M. C. Baker, of the Nickel Plate, has contributed his share towards making the street fair a success. He has advertised the fair along the line from Bellevue, 135 miles east, to Knox, eighty miles west of Fort Wayne. The Nickel Plate will run special trains to this city on Wednesday, Thursday and Friday. The train will leave Bellevue at 5:45, arriving here at 9:40 a. m., and leaving for the return trip at 11 p. m. The train from the west will leave Knox at 7 a. m., and arrive here at 9:20, and returning, leave Fort Wayne at 11 p. m.

THE IMPROVEMENTS BEGIN.

Gravel for the foundation to a brick platform at the Wabash depot is now being delivered and soon the work of laying the brick will begin. The depot building will also receive attention, both externally and internally. Sanitary closets are to be placed in the waiting rooms and the walls and ceilings are to be decorated. Charles Moellering has the contract for putting down the brick platform.

James T. Donahue has been advanced from freight car painter to striper at the Pittsburg shops.

Nickel Plate yard engine 201 has gone to the shops for repairs and engine 43 is doing work in the yards in the meantime.

Louis Balliet, machinist in the Wabash shops, ground the skin off three of his fingers yesterday. The wound is a painful one.

A dispatch from Elwood says: "The Pennsylvania railroad company is retrenching and has laid off for a period of four days all the section hands at Elwood and elsewhere on the division."

Charles Larimore, a Pittsburg fireman, was taken ill while out on the road yesterday and was brought home on No. 8 last evening.

Joseph Nichter, machinist, has gone to the Wabash railway hospital at Peru for treatment. He has been ailing for a week or two.

F. D. Casanave, general superintendent of motive power of the Pennsylvania lines east, has returned from an extended foreign trip.

Mrs. F. Hooper, wife of the well known Nickel Plate engineer, is quite sick and that gentleman is unable to attend to his duties at the throttle on that account.

The electric works will, commencing tomorrow, run until 1 o'clock on Saturdays, and then close for the balance of the day. This rule will be permanent.

West-bound freights with all lines are the heaviest of any years since 1892, and largely high-class freights, showing that western merchants are large buyers.

Fireman VanDerbrook, of the Grand Rapids road, was summoned to Kalamazoo this morning. His wife, who is in that city, was taken suddenly and violently ill.

Frank Bowser, an employe of the Bowser works, dropped a heavy casting on his left foot yesterday with the result that two toes were mashed. He was taken to his home on Gay street.

A letter from Warren, Ind., convey, the news of the birth of a son to Mr. and Mrs. Henry Logerman, late of this city. Mr. Logerman was for a number of years employed in the Pittsburg shops.

Jesse L. Biroly, a soldier and the son of William Biroly, of the Pittsburg blacksmith shop, is still very ill at the home of his parents. The young man has typho-malaria and for two weeks has been bedfast.

The gross earnings of the Chicago, Milwaukee and St. Paul increased in the third week of September $119,000 over those of the corresponding week of 1897, the total being the largest week's earnings on record.

Conductor Sylvester McMahon went down to Arcola this morning to investigate the water works and sewer systems of that town and to sell city bonds. He will also pay a little attention to his farm near that village.

J. W. Keeler, Pennsylvania conductor, went to Valparaiso today. Tomorrow he will attend the golden wedding of his father and mother, which will be one of the leading social events of the season in that part of the country. The old couple have five children, all of whom are expected to be in attendance at the celebration.

Foreman G. A. Szink, of the Pittsburg blacksmith shop, has returned home after a ten days' sojourn in Pennsylvania. He visited during his stay in the Keystone state the cities of Altoona, Lock Haven and Renova.

A Wabash official is quoted as saying it would not do for the Wabash to antagonize the Vanderbilt interests so far as to build a link, giving it an entrance into Cleveland, and rumors of that character, he said, had no foundation.

The Wabash will have a good crowd on its Toledo and Detroit excursion Sunday. Arrangements have been made for running the train down to the old Island house, which will be appreciated by the excursionists, as that station is close to the wharves and business portion of the city.

The National Interlocking Plant company has been awarded the contract for the plant at Lafayette which is to be erected jointly by the Big Four, the Wabash, the Lake Erie and Western and the Monon. As the grades of the several roads are widely separated the installation of the plant will be difficult.

The seriousness of even a slight drop in rates is well illustrated in the last annual report of the Erie. The average freight rate per ton per mile decreased only 38-100ths of a mill, amounting to 7¼ cents per ton carried. Insignificant as these figures seem at first glance, they represent to the Erie a net revenue loss of over $1,700,000.

Miraculous Cure of Asthma.

The statement published below confirms the claim of Dr. Schiffmann that he has now discovered an absolute remedy for Asthma, a disease which has heretofore baffled the skill of the most noted physicians.

Mrs. Mary Zachary, Pleasant Hill, La., says: "I have found your Asthma Cure a permanent cure for asthma, for which I used it seven years ago. I have never had the slightest return of the trouble since. I have also found your remedy excellent in Bronchial affections. I shall ever have a feeling of gratitude for the benefits derived from your Cure."

Packages of Schiffmann's Asthma Cure may be obtained at all druggists at 50c and $1.00 per package or by writing to Dr. R. Schiffmann, Box 891, St. Paul, Minn.

POLICE NEWS.

A Lawyer Arrested for Train Climbing—Preparing for the Fair.

Charles M. Waidelich was in police court this morning on a charge of trespass. He was arrested by a Pennsylvania detective. In police court the prisoner showed a certificate of his admission to the Michigan bar at Grand Rapids, but said that recently he had been in the insurance business. He is about twenty-four years of age. The mayor sent the fellow to jail.

READY FOR THE FAIR.

Mayor Scherer and Superintendent Gorsline had a conference this morning and discussed the police regulations for next week. The fair association will have sworn in a large number of special policemen and the Pennsylvania will send several of its detectives here. The day men on the local force will be on duty until 11 or 12 o'clock each evening and the night men will be on duty during every afternoon. There may also be a number of special policemen appointed by the mayor, but exactly how many has not been determined.

FOUND SOME MONEY.

Superintendent Gorsline has in his possession some money which was found by a young man who turned it over to the superintendent to locate the owner, who can have the money by calling at the police station and proving ownership.

PHIPPS ON DUTY.

O. A. Phipps, the new policeman, went on duty last night. He will be placed on the night force and Officer Pappert will be transferred to the day force.

At the annual meeting of the ladies' association of Trinity parish, held yesterday afternoon, Mrs. Minnie Brown was elected president; Mrs. William Hahn, vice president; Mrs. Calvin Rettman, secretary, and Mrs. W. W. Shryock, treasurer.

NO MORE PRIZE FIGHTS.

So Declares the Fort Wayne Athletic Club—New Manager to be Chosen.

The Fort Wayne Athletic club met last night and decided to give up boxing exhibitions and bouts that savor of the prize ring. The club has closed a deal with the Chicago Athletic club, whereby the latter takes the match between Tommy Sullivan, of Brooklyn, and Tommy Dickson, of Rochester, N. Y., off the hands of the local club. This match was to have been seen in Fort Wayne on October 15. The match between Jimmie Rose, of New York, and Jimmie Barry, of Chicago, may also be sold.

It was decided to hold a meeting at the city hall on Monday evening, Oct. 10, for the purpose of electing a manager to succeed Charles Reuss, whose term expires October 1.

Dignified Dress Goods

In the plain, genteel weaves.

These are the fabrics much sought after this season, and from which tailors and dressmakers love to make smart costumes; for here are the coverts and cheviots and the camel's hair weaves that are as soft as a kitten's back; the Drap d'Ete, lustrous and serviceable; the whipcords, the new poplins and broadcloths; also a host of two-tone fabrics, diagonals and the very swell Bayadere effects.

Plain in weave, but rich in effect---a gathering that satisfies by its completeness.

AN IDEAL BREAKFAST.

One of the most delicious breakfast foods that has been placed on the market is Grape Nuts, the predigested food that is having such a wide sale. Four teaspoonfuls of this novelty, with a little cream, makes an ideal meal to start the day's duties on. There is as much nourishment in one pound of Grape-Nuts as in ten of meat.

The delicate sweet flavor is that of grape-sugar.

A Plain, Simple Statement Is Enough.

Provided the facts are back of it. The blind organ grinder who wore a badge with the words "I Am Really Blind," received for his truthful simplicity a shower of nickels. The statements made in our ads and in our store are plain, simple and to the point. Back of every statement is the truth, and back of the truth and backed by the truth is the biggest clothing business in Northern Indiana.

Suits For Men—

To suit men who will not be suited with suits which are not all right. Hundreds of suits, new suits. No old things carried over. Can't find that kind here, because every season we clean out that season's stock. Elegant things we show. They have the cut that fits and a fitting cut it is. The style is the kind that's all the rage, the kind you want, and the prices are such as you like to pay.

$7.50 to $20.00.

OVERCOATS!—

Time to be thinking about them, too. Not ready to buy? Well, come in some day when you have time and just look at ours. We enjoy showing them. Come and look when you please, and where you please. It spoils you, however, for the other kind, when you see ours. We have them from $7.50 to $20.00. They are worth more, but we don't ask it.

BOYS WILL BE BOYS,

And so long as they are they will wear out clothes faster than you wish they would. Ours wear out slower than any we ever know anything about. Fine knee pant suits of all sorts for boys, good boys, bad boys, indifferent boys. The clothes don't care who wears them. - Prices from

$1.45 to $8.00 Per Suit.

Lots of Fancy Shirts at $1.00
Hats for the Masses........$1.00, $1.50, $2.00 and $3.00
Don't delay, but come here at once. Its investigation, examination, discrimination that we court. Add to this determination to get the best and you can be sure you will find it at
